Karl reported that the crew is crack sealing this week and should be done the first of next week and then they are going to start striping on Wednesday. The sewer project is 17% complete. Notice of awards for the 3rd and King project is on the agenda tonight and construction should begin in August.

Re: Capital Outlay for renovation of Jim Shaw Canyon Mountain Springs

---

Our water production for the Simcoe mountain springs source has been a reliable and high quality water source for over 100 years. The water rights available have exceeded the production by 250 acre feet the last few years. We have two large water rights that we have been using since the late 1800's that need redeveloping to meet DOH standards. These two sources could potentially add over 700 gpm to our system capacity as well as add to the total production to utilize the full water right from this gravity source.

After reviewing the past spring developments done by public works crew, we have determined a need for a capital outlay for $55,000 ($15,000 for materials and $40,000 for equipment and labor) to complete this public works project.

We need to rent an excavator and an operator to complete this work. We have all other needed equipment and labor to complete this project. The City can perform a public works project with two or more trades involved as long as the project cost does not exceed $65,000.

This will enable the City to maximize our gravity water source as well as mitigate during drought years to minimize pumping costs.

I recommend approving a capital outlay for the Jim Shaw Canyon Springs source of $55,000.

I MOVE TO APPROVE THE REVISIONS TO 2015 TIMBER HARVEST PRICES

City of Goldendale

Memo

From: Karl Enyeart, PE, Public Works Director

Re: Timber Harvest Contract revision

Attached is:

- Harvest price revision from Jasen Mulrony for 2015

Boardman Pulp has provided a contract for the July and August. The price for green pulp has dropped to $38/ton. The harvest and trucking cost is $39/ton. We will need to pay $1/ton to Jasen Mulrony Trucking, LLC to continue harvest. Hop poles and dry pulp will be harvested during this time which still provides a profit.

Although we will have to pay for the removal of the green pulp, I believe this is the best use of time and resources for the management of the timber property. We need to continue to lower the fire risk by removing the dead and dying timber. Green pulp harvest has averaged about 1000 tons/month so far this year.

I recommended approving the revisions to the harvest prices with Jasen Mulrony Trucking, LLC.

Timber Harvest and delivery prices for 2015

This form is an amendment to the 2014 timber harvest for additional delivery sites.

AGENDA BILL: I2

AGENDA TITLE: FIRST READING ANIMAL CONTROL REVISIONS

DATE: JULY 6, 2015

ACTION REQUIRED:

ORDINANCE____X____ COUNCIL INFORMATION____X____

RESOLUTION_____ OTHER_____

MOTION_____X_____

EXPLANATION:

The Ordinance Committee has met several times to discuss changes to the dog control (Chapter 6.04) and more specifically changes to Chapter 6.08 of the Goldendale Municipal Code regarding the keeping of livestock and fowl.

The change to the dog control ordinance is being requested by staff to provide more clarity regarding dangerous dogs. The existing state law regarding the declaration of a dangerous dog provides a step by step process. Instead of reinventing the wheel it was determined that the city could simply follow the RCW language (see attached).

The focus of our discussions to revisions of Chapter 6.08 was on the keeping of livestock and fowl. The proposed changes include the following:

1. Limitation on the keeping of fowl to just laying hens.
2. Clarity in the definition of large verses small livestock.
3. Listed prohibited animals.
4. Additional requirements for filing a livestock management plan (see attached).
5. Clarity in the definition of the number of livestock allowed per acre.
6. Added language regarding shelter.
7. Change to the exception approval for a 4H project.
8. Establishment of minimum standard of the keeping of fowl.

FISCAL IMPACT:

ALTERNATIVES: 1. Set a public hearing 2. Refer back to the Ordinance Committee

16.08.080

Dangerous dogs — Notice to owners — Right of appeal — Certificate of registration required — Surety bond — Liability insurance — Restrictions.

(1) Any city or county that has a notification and appeal procedure with regard to determining a dog within its jurisdiction to be dangerous may continue to utilize or amend its procedure. A city or county animal control authority that does not have a notification and appeal procedure in place as of June 13, 2002, and seeks to declare a dog within its jurisdiction, as defined in subsection (7) of this section, to be dangerous must serve notice upon the dog owner in person or by regular and certified mail, return receipt requested.

(2) The notice must state: The statutory basis for the proposed action; the reasons the authority considers the animal dangerous; a statement that the dog is subject to registration and controls required by this chapter, including a recitation of the controls in subsection (6) of this section; and an explanation of the owner's rights and of the proper procedure for appealing a decision finding the dog dangerous.

(3) Prior to the authority issuing its final determination, the authority shall notify the owner in writing that he or she is entitled to an opportunity to meet with the authority, at which meeting the owner may give, orally or in writing, any reasons or information as to why the dog should not be declared dangerous. The notice shall state the date, time, and location of the meeting, which must occur prior to expiration of fifteen calendar days following delivery of the notice. The owner may propose an alternative meeting date and time, but such meeting must occur within the fifteen-day time period set forth in this section. After such meeting, the authority must issue its final determination, in the form of a written order, within fifteen calendar days. In the event the authority declares a dog to be dangerous, the order shall include a recital of the authority for the action, a brief concise statement of the facts that support the determination, and the signature of the person who made the determination. The order shall be sent by regular and certified mail, return receipt requested, or delivered in person to the owner at the owner's last address known to the authority.

(4) If the local jurisdiction has provided for an administrative appeal of the final determination, the owner must follow the appeal procedure set forth by that jurisdiction. If the local jurisdiction has not provided for an administrative appeal,

the owner may appeal a municipal authority's final determination that the dog is dangerous to the municipal court, and may appeal a county animal control authority's or county sheriff's final determination that the dog is dangerous to the district court. The owner must make such appeal within twenty days of receiving the final determination. While the appeal is pending, the authority may order that the dog be confined or controlled in compliance with RCW 16.08.090. If the dog is determined to be dangerous, the owner must pay all costs of confinement and control.

(5) It is unlawful for an owner to have a dangerous dog in the state without a certificate of registration issued under this section. This section and RCW 16.08.090 and 16.08.100 shall not apply to police dogs as defined in RCW 4.24.410.

(6) Unless a city or county has a more restrictive code requirement, the animal control authority of the city or county in which an owner has a dangerous dog shall issue a certificate of registration to the owner of such animal if the owner presents to the animal control unit sufficient evidence of:

(a) A proper enclosure to confine a dangerous dog and the posting of the premises with a clearly visible warning sign that there is a dangerous dog on the property. In addition, the owner shall conspicuously display a sign with a warning symbol that informs children of the presence of a dangerous dog;

(b) A surety bond issued by a surety insurer qualified under chapter 48.28 RCW in a form acceptable to the animal control authority in the sum of at least two hundred fifty thousand dollars, payable to any person injured by the dangerous dog; or

(c) A policy of liability insurance, such as homeowner's insurance, issued by an insurer qualified under Title 48 RCW in the amount of at least two hundred fifty thousand dollars, insuring the owner for any personal injuries inflicted by the dangerous dog.

(7)(a)(i) If an owner has the dangerous dog in an incorporated area that is serviced by both a city and a county animal control authority, the owner shall obtain a certificate of registration from the city authority;

(ii) If an owner has the dangerous dog in an incorporated or unincorporated area served only by a county animal control authority, the owner shall obtain a certificate of registration from the county authority;

(iii) If an owner has the dangerous dog in an incorporated or unincorporated area that is not served by an animal control authority, the owner shall obtain a certificate of registration from the office of the local sheriff.

(b) This subsection does not apply if a city or county does not allow dangerous dogs within its jurisdiction.

(8) Cities and counties may charge an annual fee, in addition to regular dog licensing fees, to register dangerous dogs.

(9) Nothing in this section limits a local authority in placing additional restrictions upon owners of dangerous dogs. This section does not require a local authority to allow a dangerous dog within its jurisdiction.

[2002 c 244 § 2; 1989 c 26 § 3; 1987 c 94 § 2.]

Severability -- 1987 c 94: See note following RCW 16.08.070.

16.08.090

Dangerous dogs — Requirements for restraint — Potentially dangerous dogs — Dogs not declared dangerous.

(1) It is unlawful for an owner of a dangerous dog to permit the dog to be outside the proper enclosure unless the dog is muzzled and restrained by a substantial chain or leash and under physical restraint of a responsible person. The muzzle shall be made in a manner that will not cause injury to the dog or interfere with its vision or respiration but shall prevent it from biting any person or animal.

(2) Potentially dangerous dogs shall be regulated only by local, municipal, and county ordinances. Nothing in this section limits restrictions local jurisdictions may place on owners of potentially dangerous dogs.

(3) Dogs shall not be declared dangerous if the threat, injury, or damage was sustained by a person who, at the time, was committing a wilful trespass or other tort upon the premises occupied by the owner of the dog, or was tormenting, abusing, or assaulting the dog or has, in the past, been observed or reported to have tormented, abused, or assaulted the dog or was committing or attempting to commit a crime.

16.08.100

Dangerous dogs — Confiscation — Conditions — Duties of animal control authority — Penalties and affirmative defenses for owners of dogs that attack — Dog fights, penalty.

(1) Any dangerous dog shall be immediately confiscated by an animal control authority if the: (a) Dog is not validly registered under RCW 16.08.080; (b) owner does not secure the liability insurance coverage required under RCW 16.08.080; (c) dog is not maintained in the proper enclosure; or (d) dog is outside of the dwelling of the owner, or outside of the proper enclosure and not under physical restraint of the responsible person. The owner must pay the costs of confinement and control. The animal control authority must serve notice upon the dog owner in person or by regular and certified mail, return receipt requested, specifying the reason for the confiscation of the dangerous dog, that the owner is responsible for payment of the costs of confinement and control, and that the dog will be destroyed in an expeditious and humane manner if the deficiencies for which the dog was confiscated are not corrected within twenty days. The animal control authority shall destroy the confiscated dangerous dog in an expeditious and humane manner if any deficiencies required by this subsection are not corrected

within twenty days of notification. In addition, the owner shall be guilty of a gross misdemeanor punishable in accordance with RCW 9A.20.021.

(2) If a dangerous dog of an owner with a prior conviction under this chapter attacks or bites a person or another domestic animal, the dog's owner is guilty of a class C felony, punishable in accordance with RCW 9A.20.021. It is an affirmative defense that the defendant must prove by a preponderance of the evidence that he or she was in compliance with the requirements for ownership of a dangerous dog pursuant to this chapter and the person or domestic animal attacked or bitten by the defendant's dog trespassed on the defendant's real or personal property or provoked the defendant's dog without justification or excuse. In addition, the dangerous dog shall be immediately confiscated by an animal control authority, placed in quarantine for the proper length of time, and thereafter destroyed in an expeditious and humane manner.

(3) The owner of any dog that aggressively attacks and causes severe injury or death of any human, whether or not the dog has previously been declared potentially dangerous or dangerous, shall, upon conviction, be guilty of a class C felony punishable in accordance with RCW 9A.20.021. It is an affirmative defense that the defendant must prove by a preponderance of the evidence that the human severely injured or killed by the defendant's dog: (a) Trespassed on the defendant's real or personal property which was enclosed by fencing suitable to prevent the entry of young children and designed to prevent the dog from escaping and marked with clearly visible signs warning people, including children, not to trespass and to beware of dog; or (b) provoked the defendant's dog without justification or excuse on the defendant's real or personal property which was enclosed by fencing suitable to prevent the entry of young children and designed to prevent the dog from escaping and marked with clearly visible signs warning people, including children, not to trespass and to beware of dog. In such a prosecution, the state has the burden of showing that the owner of the dog either knew or should have known that the dog was potentially dangerous as defined in this chapter. The state may not meet its burden of proof that the owner should have known the dog was potentially dangerous solely by showing the dog to be a particular breed or breeds. In addition, the dog shall be immediately confiscated by an animal control authority, quarantined, and upon conviction of the owner destroyed in an expeditious and humane manner.

(4) Any person entering a dog in a dog fight is guilty of a class C felony punishable in accordance with RCW 9A.20.021.
