DEPARTMENT REPORTS

Karl Enyeart gave an update on the LED Street light project. We are testing Jim Shaw Spring source and Emerson this week. This is the 2nd test on Jim Shaw. Provided the source is approved, we are looking at adding 200 – 300 gallons a minute additional to the mountain springs.

Chief Reggie Bartkowski is having a town hall meeting May 24th, 2016 at 6:00 pm at the Goldendale Grange. At the town hall meeting they will be discussing drugs in the community and how you can help the police department. Reggie has been sending out letters to Landlords whose rental houses have drug activity. Reggie gave an update on some cases that the police department has been working on. Our new recruit, Juan Garcia, is currently at the police academy. He is doing great! Also the Police Department is actively working on keeping track of dangerous dogs in the City Limits and making sure we are following up with the owners and making sure they are compliant with the dangerous dog ordinance.

Fire Chief Noah gave an update on the Fire Department. We got our insurance rating back. We are staying a 6. We are not far off from a 7 so we are working on correcting that problem.

Larry Bellamy – I think we need to do a shout out to Noah. He has spent a lot of hours working on and improving the Fire Department. He has done a lot of work to make sure we are following all the changes that are required to keep our insurance rating a 6.

COUNCIL BUSINESS

Karl Enyeart – Our utility mapping is in need of upgrading. The current mapping system provides no ability to locate our utilities precisely when in time is of the essence. The Public Works Committee recently discussed the benefits in length and agreed this will save the City money in the long run. The work will include an aerial flight of the city limits and the city's water shed. All features visible during the flight will be incorporated into the drawings such as manholes, water valves, meters, catch basins, hydrants, streets and buildings.

It was moved by Council Member Guy Theriault, seconded by Council Member Len Crawford, to authorize the Mayor to execute an agreement with Pioneer Surveying and Engineering for the City of Goldendale aerial mapping project in the amount not to exceed \$76,078.00.

REPORT OF OFFICERS AND CITY ADMINISTRATOR

Carmen Knopes – At the fireman's auction we made over \$21,000. The City of Goldendale donated 3 vehicles. It was a big success. There has been a citizen that walks around town and picks up garbage around town. Connie Byers said she gave him some garbage bags to help with the cost of him cleaning up our city. I also spoke with Reggie already about people passing a school bus. I hope we can get that resolved.

Guy Theriault – we had an event committee meeting before city council. It sounds like we are going to have some good events at community days. Our next meeting will be the 6th of June.

Len Crawford – Janet and I have noticed some motorized bikes up on Observatory Hill.

Andy Halm – We need to let people know that the trees are being replaced from the West Columbus Street project. On the Eastside project, are we replacing those trees? Larry said that is fine.

Mayor Canon – The clean up day went very quick and very smooth. It took about 2 hours and we filled up the 10 yard trailer that Donny Hodges brought and a 10 yard dumpster by City Hall. Senior Services was a huge help in organizing the clean up day. The Mayor updated the council regarding is last Wednesday meeting regarding the Observatory.

Larry Bellamy gave an update on the Observatory Hill project. There is a 2.4 million Capital Outlay request approved for that project. We had another parking variance request and they can not meet tonight but they can meet tomorrow night. Can the Ordinance Committee meet tomorrow night? Ok sounds like everyone can.

PUBLIC COMMENT

DeAnna Luth, 216 West Allyn – Reggie you are commenting quite a bit on landlords that have drug users as renters, can home owners also come to this town hall meeting? Reggie said yes, everyone is included. I've heard rumors that the city is working on trying to get harvest festival weekend going? Mayor said the city has not been in discussion regarding a harvest festival.

ADJOURNMENT

It was moved by Council Member Guy Theriault, seconded by Council Member Andy Halm, to adjourn the meeting.

Subject: Appointment to the Ad Hoc Goldendale Airport Committee
Attachments: Airport Timeline1.pdf

The Airport Committee is being re-established to work on airport improvement issues, in particular, a fuel card lock system to allow planes to land and refuel and, eventually, discussion will address lengthening and widening the runway. At present the City is working on a Site Plan to realign the current hangers at the airport.

The Ad Hoc Committee will hold its first meeting on Wednesday, June 15 at 7P.M. in the City Council Chamber, City Hall.

This meeting will be to discuss the objectives of the future work and to develop a time-line for the projected work of the committee. We will also discuss how the work of the committee might be done (meetings at City Hall and e-mail correspondence as developments and progress occurs). Dana Peck has prepared a preliminary project timeline that will help the committee as it works through airport improvement issues.

We have appointed three City Council Members and other people who have expressed an interest in further developing the Goldendale Airport. If you know someone not on the initial invitation list please call Larry Bellamy or myself and they will be invited to join in.

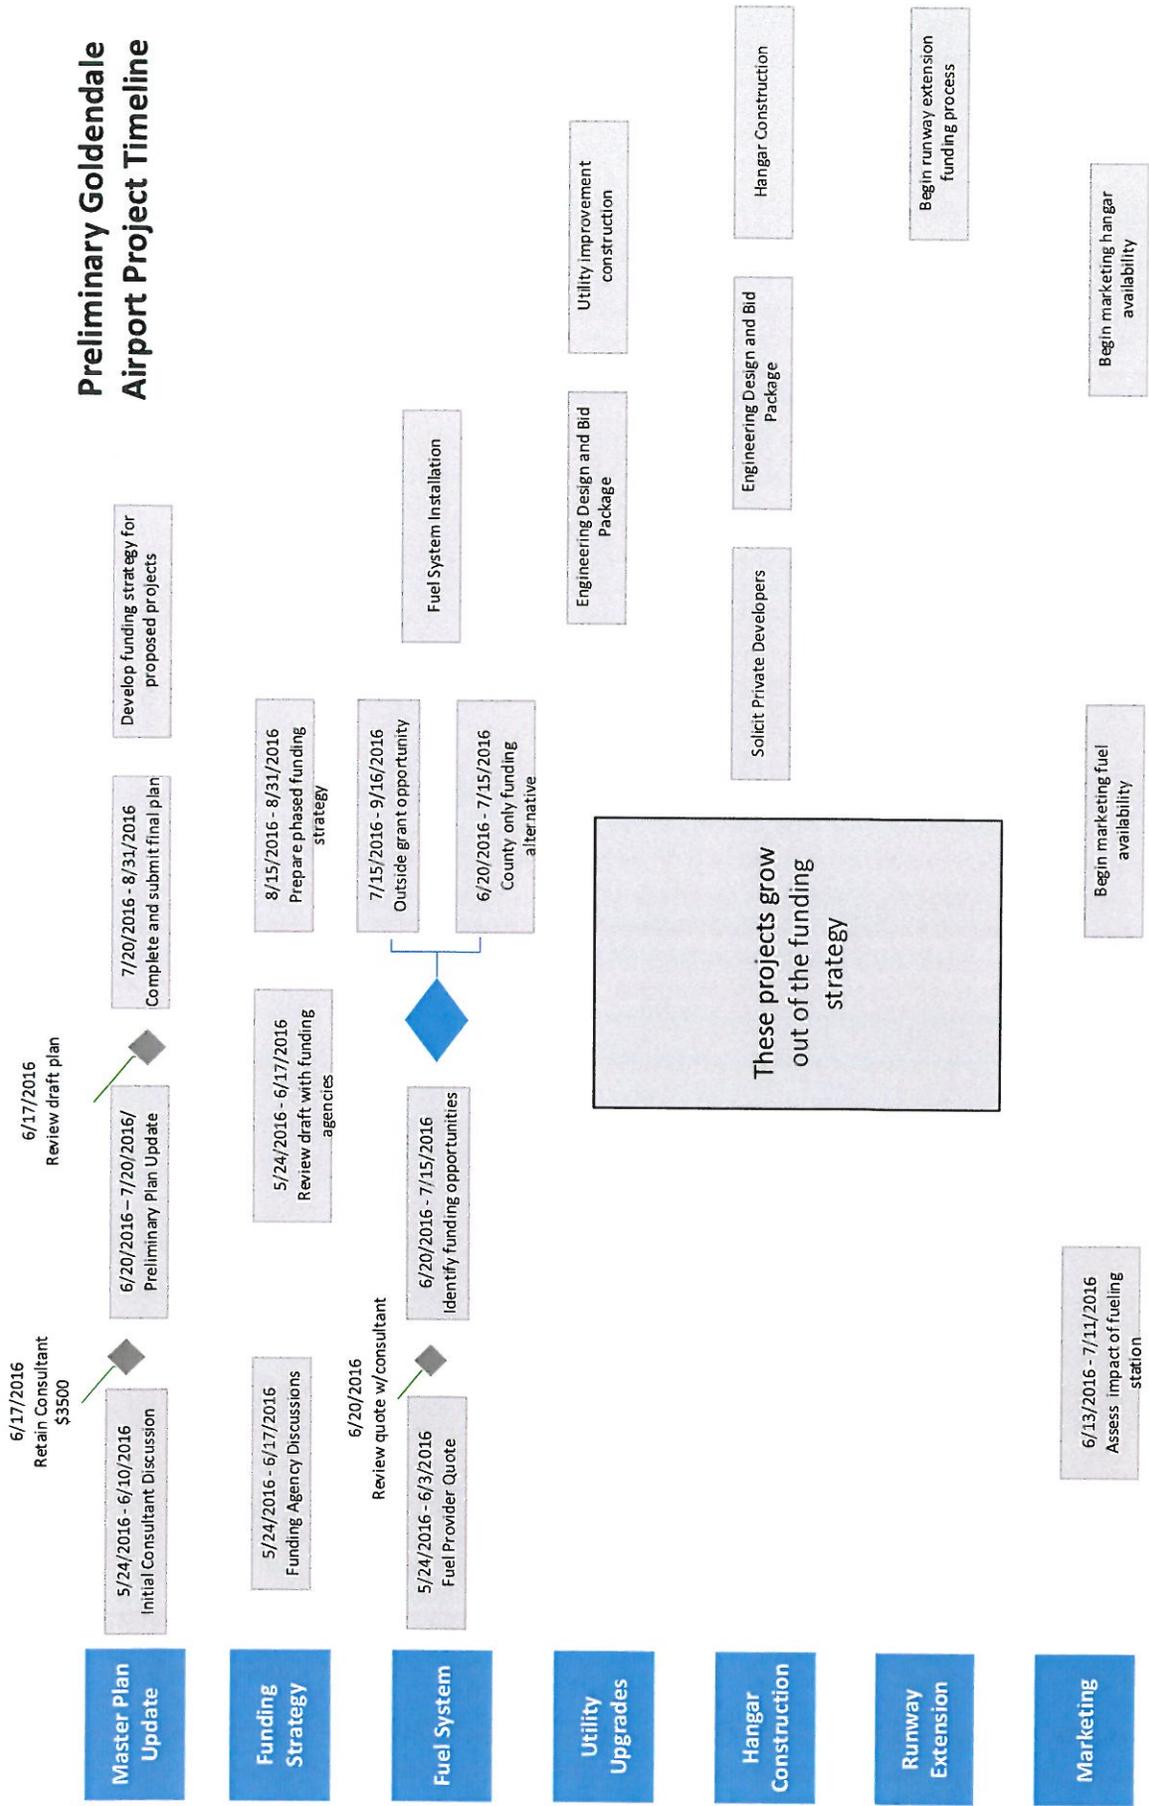

All indications are that getting fuel to the airport will stimulate greater use of the airport and bring with it a greater demand for airport hangar construction. We are looking forward to good, frank and constructive discussions to move this worthwhile work along.

Your participation is sincerely appreciated.

Subject: Invitation to participate in the Goldendale Business Roundtable Committee
Attachments: DRAFT AGENDA Bus. Council.docx
Importance: High

City Council has approved a special committee called the Goldendale Business Roundtable.

This is an invitation for you to serve as a Member of the Business Roundtable Discussion Group. Your willingness to participate in the work of this group will be most appreciated.

The initial meeting of the new Goldendale Business Roundtable will take place at 3:30 PM, Friday, June 24 in the City Council Chamber. A draft agenda for the initial meeting is attached. We will be working on how the group wants to work, future topics, frequency of discussions and the objectives the group wishes to achieve.

You are all busy people and the meetings will be an hour or less on a Friday. An agenda will be circulated before each meeting. These will be informal discussions intended to give everyone a chance to contribute their ideas and experience. The aim will be to drive economic development in our city and bring badly needed jobs to this town. We will be discussing what needs to be done to help our existing businesses expand and attract more business to the city.

I think a lot can be achieved by gathering some of the busiest and most successful business leaders for focused discussions. You, as a group, will be directing the focus of what will be on the agenda and what actions can be taken to achieve success for our local businesses.

I appreciate your willingness to participate. As organizers of the Business Roundtable, Dana Peck (Executive Director of the Goldendale Chamber of Commerce), Larry Bellamy (City Administrator), Len Crawford (City Council) and I (Mayor) will be doing all we can to respect your very busy schedules and your valuable time.

I know that if we, as a business community, choose to do nothing, we will guarantee that nothing will happen. Let's get started; It is time for Goldendale. Thank you again for your participation in the Goldendale Business Roundtable.

I plan to submit your names for confirmation by the City Council on June 6, 2016. You are most welcome to attend.

Sincerely,

Mike Canon
