Subject: Proposal to Provide Professional Planning Services – Critical Areas Ordinance

Dear Larry:

Thank you for the opportunity to submit the following proposal to provide professional planning services to complete an audit of the City of Goldendale's critical areas ordinance (CAO) for compliance with the Washington State Growth Management Act (GMA).

#### **PROJECT UNDERSTANDING**

The City of Goldendale (City) was required to update its CAO on a predetermined schedule under the GMA by 30 June 2018; however, the City qualifies for a two-year extension. Small and slow-growing cities with a population of 5,000 or less and that have had their population increase by no more than 17 percent in the preceding 10 years were granted an additional 24 months (30 June 2020) to complete the update. Goldendale's population was 3,448 in 2008 and had grown to 3,530 by 2018, according to the Washington Office of Financial Management, an increase of approximately 2.4 percent. Therefore, Goldendale is eligible for the 24-month extension to complete the CAO updates.

The City has requested technical assistance from BergerABAM to audit its existing CAO and identify GMA-required and optional changes to improve its CAO. To do so, BergerABAM will review the CAO against the Washington Department of Commerce's (Commerce) Critical Areas Checklist (February 2018).

#### **OVERALL ASSUMPTIONS**

- Public hearing attendance is excluded.
- Comments on the critical areas checklist and best available science report from City staff will be provided in a consolidated document.
- Updates to the CAO are excluded and will be completed in a later phase of the project under a separate scope of work.
- Attendance at public meetings is excluded.

BergerABAM will audit the City's CAO for compliance with the GMA and implementing Washington Administrative Codes (WACs) and, as requested, provide recommendations for optional updates the City can undertake to make the CAO easier to understand for applicants and City staff. For this effort BergerABAM will conduct the following tasks.

- Complete a draft of the checklist for critical areas to identify necessary updates to the City's CAO to comply with the GMA and changes in the implementing WACs contained in Chapters 365-190 (Minimum Guidelines) and 365-195 (Best Available Science) and the procedural criteria in 365-196-485 and 365-190-830.
- Provide recommendations for optional CAO updates within the checklist.
- Prepare a final checklist addressing the City's comments.

#### **Assumptions**
