Public Hearing on 2024 Budget by Jen Forsberg, the preliminary budget for 2024 has been filed with the City Clerk of Goldendale. Copies of the preliminary budget were present prior to November 15, 2023. The City Council of the City of Goldendale has scheduled public hearings on November 20, 2023, at 6:00p.m., and December 4, 2023, in the Council Chambers of City Hall, 1103 S Columbus Ave., Goldendale WA. The purpose of the public hearing is to consider the Final 2024 budget. All interested parties shall have the opportunity to be heard at such time and place.

Attached is the proposed budget for fiscal year 2024 for the City of Goldendale. This budget totals \$14.7 million, includes conservative revenue estimates and a 3% increase in expenditure. The budget also includes implementation of the utility rate study analysis. The budget, as presented, has been prepared in accordance with state regulations and the BARS accounting system. As was reported in the proposed preliminary budget, this proposed budget is balanced.

The Capital portion of the budget totals \$7.7 million and includes the following projects:

- Wastewater Improvements Loan from DOE \$3,500,000

• Water Improvements	Loan from PWTF	\$2,588,359
• Shuster Street Project	Grant from TIB	\$ 869,934
• Airport Land Purchase	State Appropriation	\$ 360,000
• Water Improvements	Grant from ASR	\$ 200,000
• Park Planning	Grant from RCO	\$ 85,000
• Phone Upgrade	General Funds	\$ 50,000
• Website Upgrade	General Funds	\$ 50,000

The grant for the Schuster Street Project has not been awarded yet, should the city not receive the grant, the project will not be completed.

Overall, this budget maintains current levels of service and achieves several key investments to the community as shown above in the capital project list.

MOTION: I MOVE TO APPROVE THIS MEMORANDUM OF AGREEMENT AS PRESENTED.

Memorandum of Agreement
by and between
City of Goldendale
and
Council 2, WSCCCE, AFSCME, AFL-CIO, representing Local 1533-G, Uniformed
Employees, Only Addressing a Retention Incentive Pay
Effective beginning after this MOA has been signed by all parties and beginning in 2023-
2024, following each affected signature of the Uniformed Employees
Uniformed Employee Retention Incentive Agreement

THIS MEMORANDUM OF AGREEMENT (MOA) is entered into to express the terms and conditions of mutual agreement between City of Goldendale, Washington, hereinafter referred to as the “Employer,” and Council 2, WSCCCE, Local 1533-G, AFSCME, AFL-CIO, hereinafter referred to as the “Union”, representing only the full-time Employees working under the 2022-2024 Local 1533-G Uniformed Employees Collectively Bargained Agreement.

The Employer and the Union agree that small municipalities in the State of Washington inclusive of the City of Goldendale are experiencing extreme difficulty in retaining police department uniformed employees. Uniformed Employees are being offered recruitment incentives by other municipalities to leave the City of Goldendale. This is creating an emergency circumstance regarding maintaining law and order within the City of Goldendale jurisdictional limits. The Employer and Union understand funds are available and can be used to incentivize uniformed employees to stay employed by the City of Goldendale subject to a commitment of continued employment pursuant to the terms of this MOA.

IN CONSIDERATION OF THE MUTUAL PROMISES AND COVENANTS HEREIN BETWEEN THE PARTIES AND VALUABLE CONSIDERATION, THE PARTIES AGREE AS FOLLOWS:

1. This MOA is supplemental to the Uniformed Employees 2022-2024 Collective Bargaining Agreement (CBA) but shall not be effective retroactively and shall be effective only for those fully-time Employees working under the Uniformed Employees CBA who are employed and/or continue employment subsequent to the signing of this MOA. A Full-time employee will not be eligible for payment under this MOA until said employee signs the Retention Incentive Agreement.
2. The terms and conditions of this MOA shall be subject to termination pursuant to Section 6 of this MOA. The parties mutually recognize the importance of making reasonable efforts to be competitive with other similar municipalities to retain police department employees in a very difficult police staff retention environment.
3. The parties mutually recognize the importance of providing a reasonable retention incentive to try to keep current police department Employee’s working at the Employer’s police department. The Employer will implement measures to assist in achieving this

objective and the Union agrees with this objective and will cooperate fully with all actions deemed necessary by the Employer. The full-time Employees who sign the Uniformed Employee Retention Incentive Agreement and comply with all other applicable eligibility requirements of this MOA shall receive retention pay.

4. The Employer hereby implements a uniformed employee retention incentive program. The retention incentive payment program is described in Section 5 below. The Union and the affected uniformed employees must sign and date Attachment 1. This uniformed employee retention incentive shall not apply to any employee who has received any Hire Incentive payment. The Employer's decision regarding eligibility shall be final and binding on the parties and employees.
5. The parties agree that the retention incentive program payments to the uniformed employees who sign the uninformed retention incentive agreement shall be carried out in the form of installments as follows:
 - A. A full-time uniformed employee working under the terms and conditions of the 2022-2024 CBA for uniformed employees who are employed by the Employer on January 1st of 2023, and who continue their full-time employment through December 31st of 2023, shall receive a lump sum Retention Incentive Payment in the amount \$3,000.00 in their final paycheck for the 2023 fiscal year less normal deductions as determined by the Employer.
 - B. A full-time uniformed employee working under the terms and conditions of the 2022-2024 CBA for uniformed employees who are employed by the Employer on January 1st of 2024, and continue their full-time employment through December 31st of 2024, shall receive a lump sum Retention Incentive Payment in the amount \$3,000.00 in their final paycheck for the 2024 fiscal year less normal deductions as determined by the Employer.
 - C. The parties herein agree and understand that after the 2024 fiscal year the uniformed employee retention incentive program shall automatically be discontinued.

Under no circumstances whatsoever shall a uniformed employee, who elects to participate in this Retention Incentive Program, continue to be eligible to receive any of the retention incentive payment if separation of employment occurs for any reason during any time during 2023 or if separation of employment occurs for any reason during any time in 2024. Said employee leaving employment shall not receive any of the Retention Incentive Program payments. The only exception to this ineligibility for any payment is in the event a uniformed employee becomes injured or disabled through no fault of their own while performing within the scope of their official duties and are unable to return to work. If their injury or disability is due to their own fault and not within the scope of their official duties, then they shall not receive any incentive payment. An employee injured or disabled performing within the scope of their duties shall receive retention incentive pay for the year in which they worked. However, if the qualifying injury occurs in the first year, 2023, they shall not receive the 2024 payment.

6. The parties agree that this MOA is only applicable for the 2023-2024 fiscal year and shall automatically discontinue thereafter.
7. The parties agree that nothing contained in this MOA shall be construed in any manner to create any past practice and that the MOA shall not constitute any precedent setting regarding the subject matter of this MOA for any future CBAs.
8. The parties agree that any dispute and/or conflict as to the meaning, application, and/or interpretation of any provision of this MOA shall be resolved through the grievance – arbitration provisions of the current CBA.
9. The parties agree that in order for the affected full-time uniformed employees to be eligible for the payment(s), the parties shall sign the **Uniformed Employees Retention Incentive Agreement** attached hereto as Attachment 1. Furthermore, the Employer and Union shall fully cooperate with each other regarding the enforcement of the terms and conditions of the Uniformed Employee Retention Incentive and Repayment Agreement inclusive of any necessary legal proceedings.
10. Signature in Counterpart and Facsimile Procedures: The MOA may be executed in counterparts and, when signed by all parties, shall be binding upon all parties. Transmission of this MOA by facsimile or email showing the original signature of a party shall be considered an original signature and shall be binding upon the signatory party. The Union official, each individual uniformed employee, the Mayor, the City Administrator and the Police Chief shall sign each individual **Uniformed Employees Retention Incentive Agreement**.

Attachment 1
Goldendale Police Department Uniformed Employee
Retention Incentive Agreement

This Retention Incentive Agreement is entered into on this ____ day of _____, 2023 between the City of Goldendale (City) and _____, a full-time uniformed employee.

Whereas the City offers a retention incentive to make a reasonable effort to retain full-time uniformed employees working in the City of Goldendale instead of leaving the City for another law enforcement position with a different City, County, or other jurisdiction. The parties acknowledge that in current times, it is extremely difficult to retain uniformed employees that such circumstance is of an emergency nature in order to maintain law and order within the jurisdictional limits of the City of Goldendale.

IN CONSIDERATION OF THE MUTUAL PROMISES AND COVENANTS HEREIN BETWEEN THE PARTIES AND VALUABLE CONSIDERATION, THE PARTIES AGREE AS FOLLOWS:

1. The Memorandum of Agreement (MOA) entered into between City of Goldendale, Washington, hereinafter referred to as the "Employer," and Council 2, WSCCCE, Local 1533-G, AFSCME, AFL-CIO, hereinafter referred to as the "Union", representing full-time uniformed employees eligible for this prospective retention incentive shall be binding on the employee who signs this Uniformed Employees Retention Incentive Agreement (Agreement).
2. This Agreement is not to be construed by any court, arbitrator, administrative law agency, PERC, or any other jurisdiction as a guarantee of any specific length of employment between the City and the Employee. The City has the right to terminate any uniformed employee with just cause under the terms of the CBA. In the event the Employee is terminated with cause, the Employee shall not be eligible to receive retention incentive pay; and,
3. The Employee acknowledges that the Employee has been offered a retention incentive to stay as a full-time employee with the City of Goldendale for a minimum period of the years 2023 and 2024; and,
4. The Employee acknowledges and agrees that if the Employee signs this Agreement, the Employee has a legally binding commitment to remain with the City for 2023 and 2024; and,
5. The Employee voluntarily accepts the retention incentive and all the terms related thereto established in the MOA between the Employer and the Union.

6. The parties agree that the retention incentive program payments to the uniformed employees who sign the uninformed retention incentive agreement shall be carried out in the form of installments as follows:
 - A. A full-time uniformed employee working under the terms and conditions of the 2022-2024 CBA for uniformed employees who are employed by the Employer on January 1st of 2023, and who continue their full-time employment through December 31st of 2023, shall receive a lump sum Retention Incentive Payment in the amount \$3,000.00 in their final paycheck for the 2023 fiscal year less normal deductions as determined by the Employer.
 - B. A full-time uniformed employee working under the terms and conditions of the 2022-2024 CBA for uniformed employees who are employed by the Employer on January 1st of 2024, and continue their full-time employment through December 31st of 2024, shall receive a lump sum Retention Incentive Payment in the amount \$3,000.00 in their final paycheck for the 2024 fiscal year less normal deductions as determined by the Employer.
7. The above payments will be subject to all applicable tax deductions and any other deductions as determined by the City. Taxes will be withheld as incentive earnings from the retention incentive and reported to the Internal Revenue Service as income on the Employee's Form W-2.
8. The Employee agrees that if they leave their employment with the City by being terminated for cause or resignation within 2023 and/or 2024 they shall be ineligible for any incentive payment. The Union agrees to fully cooperate with the City to assist in the enforcement of these provisions. If the City has to file lawsuits to enforce its rights under the MOA the Employee shall be fully responsible for paying for the City's attorney's fees and costs associated with enforcing the terms of the MOA and this agreement.
9. The City, Union and the Employee agree that if the Employee accepted any lateral incentive payment when hired by the City of Goldendale, said Employee shall not be eligible for, nor entitled to, any retention incentive payment whatsoever.
10. The terms and conditions of this Uniformed Employees Retention Incentive are final and binding on all the signatory parties below.

THE PARTIES ACKNOWLEDGE AND AGREE to the terms and conditions set forth in this MOA as evidenced by the signatures of the applicable parties below:

**MOTION: I MOVE TO APPROVE THE INTERLOCAL RADIO SYSTEM USE AND
911/DISPATCH SERVICE AGREEMENT FOR THE 2024 FISCAL YEAR.**

INTERLOCAL RADIO SYSTEM USE AND 9-1-1/DISPATCH SERVICES
AGREEMENT

The KLINKITAT COUNTY DEPARTMENT OF EMERGENCY MANAGEMENT, a political subdivision of the State of Washington, herein after referred to as (COUNTY) and the CITY OF GOLDENDALE, municipal corporations of the State of Washington, herein after referred to as (CITY) enter into the following Agreement:

WHEREAS, to achieve efficiency and economy in local government, the CITY desires to contract with the COUNTY for radio system use, dispatching, 9-1-1 call taking, answering after hours non-emergent telephone calls for service, teletype services, law enforcement records management system use; and,

WHEREAS, the COUNTY has a public safety radio system, 9-1-1/dispatch center, software licenses and equipment, and personnel capable of performing and efficiently providing such services to the CITY; and,

WHEREAS, both parties are specifically authorized under the Interlocal Cooperation Act (RCW 39.34) to enter into an agreement for such services; and,

WHEREAS, it is necessary and desirable that such an agreement be executed;
THEREFORE, the parties agree as follows:

1. The COUNTY agrees:
 - a. To provide public safety radio system use for police, fire, and EMS units of the CITY according to the Klickitat County Emergency Management Radio Use Policy.
 - b. To provide 9-1-1/Dispatching service, including police, fire, and EMS radio dispatching, 9-1-1 call taking, answering of afterhours non-emergent telephone calls for service (not to include administrative calls), teletype services, Computer Aided Dispatching service and use of the COUNTY law enforcement records management system; Law module and Mobile module to the CITY, services as described in the ACCESS Inter-Agency Agreement and 24x7 Hit Confirmation Agreement. The COUNTY shall perform and provide these services in the same manner and with the same quality as with its own employees or agencies.
 - c. To furnish personnel, radio dispatch equipment, 9-1-1 telephone system equipment, and a public safety radio system necessary to accomplish these services.

2. The CITY agrees:

- a. To pay for the services under the terms set forth in Paragraph 3d.
- b. To be responsible for compliance with RCW 10.97 and 13.50, CJIS security policies and audits and all Federal laws regarding records received from the COUNTY, NCIC, or WACIC.
- c. To comply with and enforce the COUNTY's policy and procedures as they pertain to Radio System Use, Computer Aided Dispatching (CAD) and Records Management System (RMS) policies, and COUNTY cyber security policies.
- d. To be responsible for the cost of all equipment installation and implementation of any additional radio or phone equipment, phone lines, other specialized communication equipment or computer software the CITY requests.

3. The CITY and COUNTY agree:

- a. This agreement creates an independent contractor relationship. All liability for salaries, employee benefits, capital equipment costs, and repair and maintenance, except those requested by the CITY per Paragraph 2d, are wholly the responsibility of the COUNTY. However, if it becomes necessary to staff or employ additional personnel in COUNTY dispatch due solely to a major incident or event of which the CITY police and/or fire department shall have responsibility, then the CITY shall be responsible for the salaries for the additional personnel including, but not limited to overtime pay and part-time and temporary personnel. Pursuant to this paragraph, the Chief of Police and Fire Chief for the CITY and the Emergency Management Director of the COUNTY shall establish and promulgate protocols for use in the COUNTY Radio System and 9-1-1/Dispatch center in the event of a major incident or event.
- b. The COUNTY agrees to indemnify and hold harmless the CITY for all liability arising from intentional or negligent acts by COUNTY employees and to defend and secure the CITY from all costs or damages arising from such acts. The CITY agrees to indemnify and hold harmless the COUNTY for all liability arising from the intentional or negligent acts by CITY employees and to defend and secure the COUNTY from all costs or damages arising from such acts.
- c. The parties agree that any disputes arising out of this agreement shall be governed by the following dispute resolution process. Should a dispute arise the parties shall, in the following order:

1. Attempt in good faith to resolve the dispute through communication between department heads, defined as the Chief of Police and the Emergency Management Director.
2. Should the matter not be resolved between the Chief and the Emergency Management Director, it shall be referred to the Mayor and the Chair of the County Commissioners or his/her designee for resolution.
3. Should the matter not be resolved between the Mayor and the Chair, the parties shall appoint a neutral arbitrator, whom the parties shall pay for equally, and who shall informally investigate the issue and render a non-binding opinion stating the probable outcome of litigation. The arbitrator shall be an attorney or judge and not a resident of Klickitat County. The parties will then work in good faith to resolve the dispute with the information provided by the arbitrator.
- d. The CITY shall pay the COUNTY \$46,370.96 for the period of January 1, 2024 through December 31, 2024 for services as stated in this agreement. On the first anniversary of the agreement and each anniversary of the agreement thereafter, the fee will increase by three percent (3%). The amount shall be invoiced in January of each year and paid in four equal quarterly payments, due January 15, April 1, July 1, and October 1.
- e. Payment shall be sent to:

Klickitat County Department of Emergency Management
199 Industrial Way
Goldendale, WA 98620
- f. The parties further agree, and have specifically negotiated to waive their immunity under the State Industrial Insurance Act (RCW Title 51) to indemnify and hold each other harmless from any claims made against the other by the party's employees, agents, contractors, subcontractors or other representatives.
- g. This Agreement is effective for three years from 12:00 a.m. on January 1, 2024 until 11:59 p.m. on December 31, 2026. Either party may terminate this agreement with not fewer than sixty (60) days prior written notice.
- h. This Agreement may be reviewed by the parties prior to the termination date to consider possible terms of renewal.
4. Interlocal Cooperation Act Representations. This is an Interlocal Agreement under RCW 39.34. Pursuant thereto, the parties state as follows:

- a. **Duration.** The duration shall be as set forth in paragraph 3g, above. Or as otherwise agreed to by the parties pursuant to the Agreement.
- b. **Organization.** No new entity will be created to administer this Agreement.
- c. **Purpose.** The purpose is to enable the CITY to utilize COUNTY services.
- d. **Manner of Financing.** The CITY intends to finance this Agreement through allocations between General Fund revenue and enterprise funds as determined by the City Administrator.
- e. **Termination of Agreement.** The parties shall have the right to terminate this Agreement as provided in paragraph 3g, above.
- f. **Other.** All terms are covered by this Agreement. No additional terms are contemplated.
- g. **Selection of Administrator.** The County Emergency Management Director shall be the Administrator for this Interlocal Agreement.
- h. **Manner of Acquiring Property.** This Agreement will not result in the acquisition of any property.

MOTION X

EXPLANATION: The preliminary budget for 2024 has been filed with the City Clerk of Goldendale. Copies of the preliminary budget were present at the November 15, 2023, City Council meeting. The City Council of the City of Goldendale held their first reading and public hearings on November 20, 2023, at 6:00p.m., in the Council Chambers of City Hall, 1103 S Columbus Ave., Goldendale WA. The purpose of the public hearing is to consider the Final 2024 budget. All interested parties shall have the opportunity to be heard at such time and place.

Attached is the proposed budget for the fiscal year 2024 for the City of Goldendale. This budget totals \$14.7 million, includes conservative revenue estimates and a 3% increase in expenditure. The budget also includes implementation of the utility rate study analysis. The budget, as presented, has been prepared in accordance with state regulations and the BARS accounting system. As was reported in the proposed preliminary budget, this proposed budget is balanced.

The Capital portion of the budget totals \$7.7 million and includes the following projects:

• Wastewater Improvements	Loan from DOE	\$3,500,000	
• Water Improvements	Loan from PWTF	\$2,588,359	
• Shuster Street Project	Grant from TIB	\$ 869,934	
• Airport Land Purchase	State Appropriation	\$ 360,000	
• Water Improvements	Grant from ASR	\$ 200,000	
• Park Planning	Grant from RCO	\$ 85,000	
• Phone Upgrade	General Funds	\$ 50,000	
• Website Upgrade	General Funds	\$ 50,000	

The grant for the Shuster Street Project has not been awarded yet, should the City not receive the grant, the project will not be completed.

Overall, this budget maintains current levels of service and achieves several key investments to the community as shown above in the capital project list.

MOTION: I MOVE TO ADOPT ORDINANCE 1533 CORRECTING CONFLICTING LANGUAGE BETWEEN THE GOLDENDALE MUNICIPAL COD AND GOLDENDALE WATER COMPREHENSIVE PLAN.

**CITY OF GOLDENDALE
GOLDENDALE, WASHINGTON
ORDINANCE NO. 1533**

AN ORDINANCE AMENDING ORDINANCE NO. 1391, CORRECTING A CONFLICTING SCRIVENER ERROR BETWEEN GOLDENDALE MUNICIPAL CODE 13.04.010 CONNECTION REQUIREMENTS AND GOLDENDALE WATER COMPREHENSIVE PLAN SERVICE AREA MAP.

WHEREAS, the City Council of the City of Goldendale, Washington desires to amend the Goldendale Municipal Code, **NOW THEREFORE**,

THE CITY COUNCIL OF THE CITY OF GOLDENDALE, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1: GMC Section 13.04.010 Connection Requirements is hereby repealed and amended to read as follows:

A. All dwelling units or other buildings within the city limits which need or require potable water shall be required to connect to the public water system of the city where there is adequate public water by the city, subject to subsection B of this section. This requirement may be waived if the city administrator, with the consent of the city council, and health officer, determines that such connection is not feasible. All property owners thereof shall make proper connections with the public water system and use the same for proper purposes. In case the owners of such property shall fail to make such connections, the city may cause such connections to be made and assess the costs and expenses thereof against the property served thereby.

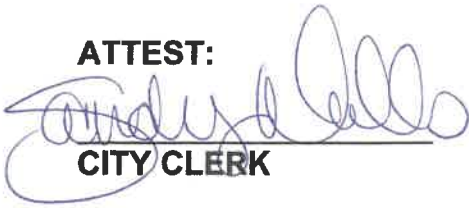

B. This requirement shall not apply to those dwelling units or other buildings currently connected to a water well; provided, that the water well is legally existing and meets department of health rules and regulations. The owner of the subject water well must install a reduced pressure backflow assembly or disconnect the water well system from the public water supply.

C. For connections outside the city retail service area~~city-limit~~, permission from the city council is required to obtain a connection permit.

Section 9. **Effective Dates.** This ordinance shall be in full force and effect five (5) days after its passage and publication as required by law.

PASSED by the **CITY COUNCIL** and approved by the **MAYOR** at its regular meeting on November 6, 2023.

CITY OF GOLDENDALE
GOLDENDALE, WASHINGTON

ORDINANCE NO. 1534

AN ORDINANCE OF THE CITY OF GOLDENDALE, WASHINGTON, REPEALING THE CURRENT CHAPTER 13.08 SEWAGE DISPOSAL SYSTEM & CHAPTER 13.04 WATER SUPPLY SYSTEM IN THEIR ENTIRETY, AND REPLACING WITH A NEW CHAPTER 13.08 SEWAGE DISPOSAL SYSTEM & CHAPTER 13.04 WATER SUPPLY SYSTEM OF THE GOLDENDALE MUNICIPAL CODE

WHEREAS, the City of Goldendale approved a Comprehensive Water System Plan in 2018, that set forth a series of capital projects; and

WHEREAS, the City of Goldendale approved a Comprehensive Sewer System Plan in 2016, that set forth a series of capital projects; and

WHEREAS, these updated plans identify several capital improvement projects needed to replace, repair and/or develop our existing water and sewer systems; and

WHEREAS, the City's water and sewer systems must charge fees that reflect the true cost of providing safe and reliable drinking water and sewer treatment to customers now and in the future; and

WHEREAS, it is essential for the City to set water system rates so that the full cost of producing and distributing water to customers is recovered. Revenues, including what customers pay for water, must meet or exceed the expenses generated by a water system. Excess revenue is saved for future improvement and unexpected emergencies; and

WHEREAS, it is essential for the City to set sewer system rates so that the full cost of collecting and treating sewer for our customers is recovered. Revenues, including what customers pay for sewer, must meet or exceed the expenses generated by a sewer system. Excess revenue is saved for future improvement and unexpected emergencies; and

WHEREAS, the City is required through State law, RCW 43.20.235 and WAC 246-290-810, to develop rate structures that encourage water conservation and develop and implement a water use efficiency program which includes sufficient cost-effective water use efficiency measures to meet the water use efficiency goals developed under WAC 246-290-830; and

WHEREAS, it has been determined throughout industry practice that one of the most effective tools for water conservation is the rate structure. As indicated under Municipal Research guidance "rate structures and practices that promote the efficient use of water should be the goal to ensure sufficient resources to meet competing uses; and

WHEREAS, the Public Works Committee explored these issues in depth through a series of meetings and rate studies during 2022-2023 and determined that the proposed rate adjustments were the fairest, most efficient and best way to achieve the goals set forth; and

WHEREAS, the City Council has determined that GMC Chapter 13.08 and Chapter 13.04 should be replaced to meet their goals and objectives.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF GOLDENDALE DOES ORDAIN AS FOLLOWS:

Section 1: Amendment. Goldendale Municipal Code for Chapter 13.08 and Chapter 13.04 is amended as set forth in Exhibit A, which is attached hereto and incorporated herein.

Section 2: Effective Date and Publication. That this ordinance will take effect and be enforced on January 1, 2024

~~(Ord. 1364 §3, 2007; Ord. 1352 §6, 2006)~~

Starting on January 1st of the year 2029, and every year thereafter, a 2.5% annual increase shall be imposed on fees and fee schedules within this chapter.

13.08.165 Special connection charge.

A. Imposed.

1. In addition to sewer line connection permit fees required by ordinance, there is imposed upon the owners of properties which have not been assessed or charged or borne an

equitable share of the cost of the city's sewer system shall pay prior to connection to a city sewer line a special connection charge in an amount to be computed under subsection (A)(2) of this section.

2. The special connection charge shall be paid in cash or under installment contract with interest thereon at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year connection is made with the city sewer line, computed annually on unpaid balances. ~~Such contract,~~ Such contract shall provide for a down payment of five percent of the total connection charge, payable upon execution of such contract and for payment of the balance in forty quarterly installments payable on each January 1st, April 1st, July 1st and October 1st. Such installment contract shall provide that any unpaid balance may be paid in full in any year at the time the first quarterly payment of such year is due and payable, shall describe the property served by the sewer line, shall be acknowledged by the property owner and shall be recorded by the Goldendale city clerk, in the office of the Klickitat County auditor, at the expense of the property owner. Delinquent payments under such installment contract shall be a lien upon the described property as provided in RCW [35.67.200](#), enforceable in accordance with RCW [35.67.220](#) through [35.67.280](#); and as an additional and concurrent method of enforcing the lien, the sewer service to such property may be cut off in accordance with RCW [35.67.290](#) until the delinquent installments are paid. Upon full payment of the contract, the Goldendale city clerk, on behalf of the city shall execute and deliver to the property owner a release of such lien.

B. Computation.

1. The special connection charge imposed in subsection (A)(1) of this section, in order that property owners bear their equitable share of the cost of the sewer line system, shall be computed as follows:

a. For Lateral Sewer Lines. The number of units of property frontage to be served by the sewer line, determined in the manner prescribed in RCW [35.44.030](#) and [35.44.040](#) for determining "assessable units of frontage" or by such other method or combination of methods of computing assessments which may be deemed to more fairly reflect the special benefits to the property being assessed as authorized in RCW [35.44.047](#), provided that, for all sewer lines that are connected more than one year after the city sewer line was constructed, interest shall be added thereto at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city sewer line was or is completed and available for connection until the connection is made, but excluding both the year of completion of construction and the year connection is made; except that for connection to sewer lines constructed prior to 1953, interest shall be added thereto at the one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, for the year 1953. Interest charged pursuant to this paragraph shall not exceed ten percent per year and shall not exceed ten years.

b. For Main Sewer Lines. The rate of assessment per square feet of property area to be served by the sewer line shall be determined on the basis that special benefits are conferred on the property in manner prescribed in RCW [35.44.030](#) and RCW [35.44.040](#) or by such other method or combination of methods of computing assessments which may be deemed to more fairly reflect the special benefits to the

property being assessed as authorized by RCW [35.44.047](#), provided that, for all sewer lines that are connected more than one year after the city sewer line was constructed, interest shall be added thereto at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city sewer line was or is completed and available for connection until the connection is made, but excluding both the year of completion of construction and the year connection is made, except that, for connection to sewer lines constructed prior to 1953, interest shall be added thereto at the one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities for the year 1953. Interest charged pursuant to this paragraph shall not exceed ten percent per year and shall not exceed ten years.

C. Such special connection charge for property abutting on a street in which a sewer line can be constructed or extended to serve such property shall be computed as if the sewer line were so constructed or extended; and the special connection charge for property located back from the margin of the street in which the sewer line exist and outside of the assessment district created therefor shall be made giving consideration to the distance of the property from the street margin. In no case shall credit be allowed for the cost of extra length of side sewer line required for connection to the city's sewer lineage system; provided, that in cases where application of the foregoing formula to a particular property results in a charge which because of unusual conditions is in excess of charges to similar properties, the city clerk is authorized to reduce the special connection charge to the amount charged to properties similarly situated.

D. For connection to side sewer lines constructed by the city, the property owner for whose benefit connection is made shall pay the cost of the side sewer line. The cost shall be computed as follows: The actual cost to the city of the side sewer line, plus fifteen percent for city design and administrative costs, plus interest at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city sewer lines was or is completed and available for connection and applied until the connection is made, but excluding both the year of completion of construction and the year connection is made. (~~Ord. 1248 §2, 1999~~)

13.08.170 Warrant against water-sewer utility fund.

If any connection or any needed repair to an existing condition shall not be made within the time herein provided, the city council is authorized and directed to cause the same to be made and to file a statement of the costs thereof with the city clerk-treasurer, and thereupon a warrant shall be issued under the direction of the city council by the city clerk-treasurer and against the water-sewer utility fund for the payment of such cost. The amount of such cost, together with a penalty of ~~fifty~~^{ten} dollars, plus interest at ten percent per year upon the total amount of such costs and penalty shall be assessed against the property upon which the building or structure is situated and shall become a lien thereon as hereinafter provided. (~~Prior code §14.16.030~~)

13.08.180 Service rates and charges.

A. For purposes of this section, the following definitions shall apply:

1. "Residential users" is defined as a residential dwelling unit which dwelling unit has its own separate water meter and serves less than four units.
2. "Commercial user" is defined as any user which is not a residential user.

B. The monthly charges for public sewer service for a residential user inside the city limits shall be as follows:

1. Each residential user shall pay a base charge of thirty-one dollars and fifty cents which includes the first one thousand cubic feet of water consumption.
2. In addition to the base charge, each residential user shall pay seventy cents per each one hundred cubic feet of water consumption over and above the first one thousand cubic feet of water consumption. This amount shall be based upon the average water consumption for the previous period between November 15th and March 15th. This average water consumption shall be used for billing purposes for each billing period from April 1st of one year to March 1st of the following year.
3. Residential user who does not establish an average monthly consumption during the period between November 15th and March 15th because of absence, non-ownership or other such similar reason shall pay the sum of thirty-one dollars and fifty cents per unit per month until such time as the residential user establishes the average water consumption as set forth in subsection (B)(2) of this section.

C. Residential Users Outside City Limits. The monthly charges for public sewer service for a residential user shall be as follows:

1. Each residential user shall pay a base charge of forty-seven dollars and twenty-five cents which includes the first one thousand cubic feet of water consumption.
2. In addition to the base charge, each residential user shall pay one dollar and five cents per each one hundred cubic feet of water consumption over and above the first one thousand cubic feet of water consumption. This amount shall be based upon the average water consumption for the previous period between November 15th and March 15th. This average water consumption shall be used for billing purposes for each billing period from April 1st of one year to March 1st of the following year.
3. Residential user who does not establish an average monthly consumption during the period between November 15th and March 15th because of absence, non-ownership or other such similar reason shall pay the sum of forty-seven dollars and twenty-five cents per unit each month until such time as the residential user establishes the average water consumption as set forth in subsection (C)(2) of this section.

D. The monthly charges for public sewer service for a commercial user inside the city limits shall be as follows:

1. Each commercial user shall pay a base charge determined by the size of water meter as follows:

F. Where commercial user's sewer charges cannot be determined under subsection B of this section because of the inability to meter water to determine domestic sewage use, then a determination of use of the domestic sewage shall be made as follows:

Monthly, the business shall report to the city the average number of full-time equivalent employees they employed the preceding month. The city shall make a determination of sewer use using equivalent residential units (ERU) discharge tables as published by the department of ecology, criteria for sewage works design. ~~(Ord. 1479 §1(Exh. A)(part), 2017; Ord. 1345 §1(part), 2006; Ord. 1266 §2, 1999; Ord. 1190 (part), 1996; Ord. 1060 §§2, 3, 1990; Ord. 1037 §1, 1989; Ord. 1026 §1, 1988; prior code §14.16.040)~~

13.08.190 Deposit-Disconnection notice.

The city council shall have the right to demand a deposit of ten dollars to ~~insure~~ensure the payment of sewer rentals as they become due, the deposit to be returned to the depositor when the service shall have been discontinued and when all accrued rentals have been paid. Five days' written notice must be given to the city clerk-treasurer before disconnection of service. ~~(Prior code §14.16.050);~~

13.08.200 Rate revision.

The city council expressly reserves the right to change or revise the rates hereinafter provided for any action of the council duly entered in to its minutes. ~~(Prior code §14.16.060);~~

13.08.210 Sewer accounts.

The city clerk-treasurer shall keep the accounts of the sewer department funds. ~~(Prior code §14.16.070);~~

13.08.220 Custodian of funds.

The city clerk-treasurer shall be custodian of the sewer department funds. ~~(Prior code §14.16.080);~~

ARTICLE IV. IMPROVEMENTS

13.08.230 Improvement financing system.

The system of financing improvements, renewals, and extensions of city sanitary and storm sewers of the Goldendale sewer department shall be as follows in this chapter. ~~(Prior code §14.20.010)~~

13.08.240 Temporary lines installation, maintenance.

No line shall be considered a lateral line in the distribution system which is smaller than a six-inch line. All lines smaller than six inches shall be considered temporary lines and shall be installed and maintained by the property owner, effective date of the ordinance codified herein. ~~(Prior code §14.20.020)~~

13.08.250 Standard lateral line defined--Payment.

All lateral lines shall be paid for by local improvement assessments or cash payments to be levied upon the property benefited, subject to credits as set forth in this chapter. By the term "standard lateral line" is meant an eight-inch ~~pipe-line~~ pipeline including manholes and wyes for service connections made to adjacent property. ~~(Prior code §14.20.030)~~

13.08.260 Service mains--Sewer department ownership.

The ownership of all service mains and extensions thereof in public streets shall be vested solely in the Goldendale sewer department, and the person or persons responsible for the construction of such mains or extensions shall relinquish all interest in the ownership of such mains or extensions upon acceptance by the Goldendale sewer department. ~~(Prior code §14.20.040)~~

13.08.270 Complete improvement--Depreciation rate.

Where lateral lines are in place and still giving service, and by reason of paving, it becomes necessary to replace them with a more durable or larger pipe, including all manholes, drains, and appurtenances to make a complete improvement, the cost of replacements up to and including eight-inch mains shall be paid by the improvement district or property owners and shall be credited therein the accrued depreciation of lines replaced. Depreciation shall be computed at a ten percent per year rate. ~~(Prior code §14.20.050)~~

13.08.280 System improvement line defined--Construction expense.

All system improvement lines shall be paid for as hereinafter set forth. By "system improvement lines" is meant lines constructed for the purpose of improving the distribution system as a whole or in part and not used as a lateral; provided, however, that where lines used as feeders ~~and also~~ and as laterals are installed, the expense of all construction related thereto shall be charged to the property. Whenever such a line is "replaced" as described in Sections 13.08.300 through 13.08.310, the property shall bear the cost. ~~(Prior code §14.20.060)~~

13.08.290 Renewals defined--Expense responsibility.

Renewals of trunk lateral lines and standard trunk lateral lines shall be made at the expense of the sewer system. "Renewals" means the rebuilding of lines previously installed which have become useless through depreciation. ~~(Prior code §14.20.070)~~

13.08.300 Replacement defined--Expense responsibility.

Replacements shall be made at the expense of the local improvement district or property owners causing the same. By "replacement" is meant the installation of new pipe, either feeder or lateral, or a change in level or service made necessary by construction of local improvements, such as paving, sidewalks, regraders, etc. ~~(Prior code §14.20.080)~~

13.08.310 Replacement--Accrued depreciation credit.

There shall be credited upon the cost of such replacements of lateral lines the accrued depreciation of the line replaced, prorated to each lot in proportion to the amount paid by the lot upon the cost of the original lateral. ~~(Prior code §14.20.090)~~

13.08.320 Sewer line maintenance.

The sewer department will maintain all sewer lines owned and operated by the city. (Prior code §14.20.100)

ARTICLE V. BUILDING SEWERS AND CONNECTIONS

13.08.330 Permit required.

No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the superintendent. ~~(Prior code §14.24.010)~~

13.08.340 Classes of permits--Application.

There shall be two classes of building sewer permits:

A. For residential and commercial service; and

B. For service to establishments producing industrial ~~wastes~~waste. In either case, the owner or his agent shall make ~~application~~an application on a special form furnished by the city. The permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgment of the superintendent. ~~(Prior code §14.24.020)~~

13.08.350 Cost responsibility.

All costs and expenses incident to the installation of the building sewer shall be borne by the owner. The owner shall indemnify the city from any loss or damage that may directly or indirectly be ~~occasioned~~caused by the installation of the building sewer. ~~(Prior code §14.24.030)~~

13.08.360 Separate required--Rear buildings.

A separate and independent building sewer shall be provided for every building; except, that where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer. ~~(Prior code §14.24.040)~~

13.08.370 Old building sewers.

Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the superintendent, to meet all requirements of this title. ~~(Prior code §14.24.050)~~

13.08.380 Construction standards generally.

The size, slope, alignment, materials of construction of a building sewer, and the methods to be used in excavating, placing of the pipe; jointing, testing, and backfilling the trench, shall all conform to the requirements of the building and plumbing code or other applicable rules and regulations of the city. In the absence of code provisions or in amplification thereof, the materials and procedures set forth in appropriate specifications of the A.S.T.M. and W.P.C.F. Manual of Practice No. 9 shall apply. ~~(Prior code §14.24.060)~~

13.08.390 Elevation.

Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer. ~~(Prior code §14.24.070)~~

13.08.400 Runoff or groundwater connections.

No person shall make connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer. ~~(Prior code §14.24.080)~~

13.08.410 Connection standards.

The connection of the building sewer into the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the city, or the procedures set forth in appropriate specifications of the A.S.T.M. and W.P.C.F. Manual of Practice No. 9. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the superintendent before installation. ~~(Prior code §14.24.090)~~

13.08.420 Inspection--Supervised connection.

The applicant for the building sewer permit shall notify the superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the superintendent or his representative. ~~(Prior code §14.24.100)~~

13.08.430 Excavations.

All excavations for building sewer installation shall be adequately guarded with barricades and lights ~~so as to~~ protect the public from hazard. Streets, sidewalks, ~~parkways~~parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the city. ~~(Prior code §14.24.110)~~

13.08.440 Line depth.

All building sewer lines shall be installed and paid for by the property owner. All buildings sewer lines under dedicated street and alleys shall be installed at least thirty inches under the surface, and at least below frost line (twenty-four inches) from property line to building, unless authorized by the superintendent of the sewer department. ~~(Prior code §14.28.010)~~

13.08.450 Defective line.

Water will not be furnished where there are any defective building sewer lines, when such may be discovered, the supply shall be withdrawn, and shall not be turned on again until the defect has been repaired and ~~charges and/or fines have been paid. the charge of two dollars for the inspection and turning the water off and on has been paid to the sewer department.~~ ~~(Prior code §14.28.020)~~

13.08.460 Service pipe--Size determination.

A. The superintendent of the sewer department shall determine the size of the tap to be inserted into any sewer main and the size of building sewer pipe under any application or permit.

B. No person or family served with sewer by the city will be permitted to use it for any purpose other than that stated in the ~~application, and~~application and shall not in any way supply other persons or families. ~~(Prior code §14.32.010)~~

13.08.470 Service pipe--Additional service.

Should any applicant or occupant of premises desire an additional service or to have ~~service~~a service supplied for a purpose not stated in the application, a new application must be made and a permit obtained at the office of the sewer department. When additional units are added and not reported, the same shall be charged at the rate for such time the unit has been in use up to and including the month in which the matter is brought to the attention of the sewer department. ~~(Prior code §14.32.020)~~

ARTICLE VI. PUBLIC SEWER USE

13.08.480 Waste disposal.

It is unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner upon public or private property within the city, or in any area under the jurisdiction of the city, any human or animal excrement, garbage, or other objectionable waste. ~~(Prior code §14.36.010)~~

13.08.490 Discharge of polluted waters.

It is unlawful to discharge to any natural outlet within the city any sanitary sewage, industrial waste, or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this chapter. ~~(Prior code §14.36.020)~~

13.08.500 Sewage disposal facilities.

Except as hereinafter provided, it is unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage. ~~(Prior code §14.36.030)~~

13.08.510 Toilet facilities.

The owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purpose, situated within the city and abutting on any street, alley or right-of-way in which there is now located or may in the future be located, a public sanitary sewer of the city, is required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper sewer in accordance with the provisions of this title, within ninety days after date of official notice to do so, provided that said public sewer is within two hundred feet of the property line. ~~(Prior code §14.36.040)~~

13.08.520 Unpolluted waters--Prohibited.

No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process water to any sanitary sewer. ~~(Prior code §14.36.050)~~

13.08.530 Unpolluted waters--Proper discharge.

Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as combined sewers or storm sewers, or to a natural outlet approved by the superintendent. Industrial cooling water or unpolluted process waters may be discharged, on approval of the superintendent, to a storm sewer, combined sewer, or natural outlet. ~~(Prior code §14.36.060)~~

13.08.540 Prohibited discharges.

No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

- A. Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas;
- B. Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes to injure or interfere with any sewage treatment process, to constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of two milligrams per liter as CN in the wastes as discharged to the public sewer;
- C. Any waters or wastes having a pH lower than 5.5, or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works;

D. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and ~~fleshings~~fleshing's, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders. ~~(Prior code §14.36.070)~~

13.08.550 Restricted discharges--Designated.

No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the superintendent that such waters can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream, or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming his opinion as to the acceptability of these wastes, the superintendent will give consideration to such factors as to quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances prohibited are:

A. Any liquid or vapor having a temperature higher than one hundred fifty degrees Fahrenheit (sixty-five degrees Celsius);

B. Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of one hundred milligrams per liter or containing substances which may solidify or become viscous at temperatures between thirty-two and one hundred fifty degrees Fahrenheit (zero and sixty-two degrees Celsius);

C. Any garbage that has not been properly shredded. The installation and operation of any garbage grinder equipped with a motor of three fourths horsepower (0.76 horsepower metric) or greater shall be subject to the review and approval of the ~~superintendent~~superintendent.

D. Any waters or wastes containing strong acid iron-pickling wastes, or concentrated plating solutions whether neutralized or ~~not~~not.

E. Any water or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the superintendent for such materials.

F. Any waters or wastes containing phenols or other taste-producing or odor-producing substances, in such concentrations exceeding limits which may be established by the superintendent as necessary, after treatment of the composite sewage, to meet the requirements of the state, federal, or other public agencies of jurisdiction for such discharge to the receiving waters;

G. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the superintendent in compliance with applicable state or federal regulations;

H. Any waters or wastes having pH in excess of 9.5;

I. Materials which exert or cause:

1. Unusual concentrations of inert suspended solids, (such as, but not limited to, fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate),
2. Excessive discoloration (such as, but not limited to, dye waste and vegetable tanning solutions),
3. Unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works,
4. Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein;

J. Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes ~~employed, or employed or~~ are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters. ~~(Prior code §14.36.080)~~

13.08.560 Restricted discharges--Rejection--Treatment.

If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section [13.08.550](#), and which in the judgment of the superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the superintendent may:

- A. Reject the wastes;
- B. Require pretreatment to an acceptable condition for discharge to the public sewers;
- C. Require control over the quantities and rate of discharge; and/or
- D. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Section 13.08.600. If the superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the superintendent, and subject to the requirements of all applicable codes, ordinances and laws. ~~(Prior code §14.36.090)~~

13.08.570 Interceptors.

Grease, oil and sand interceptors shall be provided when, in the opinion of the superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the superintendent, and shall be located as to be readily and easily accessible for cleaning and inspection. ~~(Prior code §14.36.100)~~

13.08.580 Maintenance of required facilities.

Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense. (~~Prior code §14.36.110~~)

13.08.590 Control manhole.

When required by the superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the superintendent. The manhole shall be installed by the owner at his expense, and shall be maintained by him ~~so as to~~ be safe and accessible at all times. (~~Prior code §14.36.120~~)

13.08.600 Measurements, tests, analyses.

All measurements, tests, and analyses of the characteristics of water and wastes to which reference is made in Chapter 13.04 and this chapter shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association and shall be determined at the control manhole provided, or upon suitable samples taken at the control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb and property.

The particular analyses involved will determine whether a twenty-four-hour composite of all outfalls of a premises is appropriate or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from twenty-four hour composites of all outfalls whereas pHs are determined from periodic grab samples. (~~Prior code §14.36.130~~)

13.08.610 Special agreements.

No statement contained in this chapter shall be construed as preventing any special agreement or arrangement between the city and any industrial concern whereby an industrial waste of unusual strength or character may be, accepted by the city for treatment, subject to payment therefor by the industrial concern. (~~Prior code §14.36.140~~)

13.08.620 Protection from damage.

No unauthorized person shall maliciously, ~~wilfully~~willfully or negligently break, damage, destroy, uncover, deface or tamper with any structures, apparatus, or equipment which is part of the municipal sewage works. Any persons violating this provision shall be subject to immediate arrest under charge of disorderly conduct. (~~Prior code §14.36.150~~)

13.08.630 Service discontinuance--Turn-on application.

Should it be desired to discontinue the use of sewer service supplied any premises, notice in writing shall be given to the city. The water shall then be shut off and upon proper application by the owner

or agent, and payment in full of all arrearages, water shall be turned on again. ~~(Prior code §14.44.010)~~

13.08.640 Service discontinuance--Nonliability.

A. The sewer department reserves the right to shut off or turn on the water from the mains at any time without notice, for repairs, extensions, or other necessary purposes without liability for damage.

B. The sewer department shall endeavor to notify ~~customers, but~~customers but shall not be responsible. ~~(Prior code §14.48.010)~~

13.08.650 Protective devices--Expense.

A. The expense of tapping mains, making connections, testing completed work, and other protective devices that the superintendent may deem necessary to prevent the illegal use of the sewer; shall in all cases, be borne by the owner of the property benefited.

B. When grades are such that building sewer service lines may receive undue amounts of sewage, the property owner is responsible for taking measures to protect his property such as installing stop flow or check valves on his building sewer line and the city shall not be held liable. ~~(Prior code §14.52.010)~~

ARTICLE VII. PRIVATE SEWAGE DISPOSAL

13.08.660 Compliance.

Where a public sanitary sewer is not available under the provisions of Section 13.08.510, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this chapter. ~~(Prior code §14.40.010)~~

13.08.670 Permit application--Fee.

Before commencement of construction of a private sewage disposal system the owner shall first obtain a written permit signed by the superintendent. The application for such ~~permits~~permit shall be made on a form furnished by the city, which the applicant shall supplement by any plans, specifications and other information as are deemed necessary by the superintendent or city sanitarian. A permit and inspection fee of five dollars shall be paid to the city clerk-treasurer at the time the application is filed. ~~(Prior code §14.40.020)~~

13.08.680 Permit effective when--Inspection.

A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the superintendent or city sanitarian. He shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the superintendent or sanitarian when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within forty-eight hours of the receipt of notice by the superintendent or sanitarian. ~~(Prior code §14.40.030)~~

13.08.690 Type--Location--Layout.

The type, capacities, location and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the state and city plumbing codes. No permit shall be issued for any private sewage disposal system employing subsurface soil absorption facilities, where the area of the lot is less than ten thousand square feet. No septic tank or cesspool shall be permitted to discharge to any public sewer or natural outlet. ~~(Prior code §14.40.040)~~

13.08.700 Direct connection to public sewer.

At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Section [13.08.510](#), a direct connection shall be made to the public sewer in compliance with this title, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material. ~~(Prior code §14.40.050)~~

13.08.710 Public-sewer connection deadline.

When a public sewer becomes available, the building sewer shall be connected to the sewer within sixty days and the private sewage disposal system shall be cleaned of sludge and filled with clean bank-run gravel or dirt. ~~(Prior code §14.40.055)~~

13.08.720 Owner responsibility.

The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times at no expense to the city. ~~(Prior code §14.40.060)~~

13.08.730 Article limitations.

No statement contained in this chapter shall be construed to interfere with any additional requirements that may be imposed by the health officer. ~~(Prior code §14.40.070)~~

ARTICLE VIII. VIOLATIONS--PENALTIES

13.08.740 Charges to be lien.

All charges for connections and for sewage service provided for in Chapter [13.04](#) and this chapter, together with penalties and interest thereon, shall be a lien upon the property with which such connection is made or sewage service rendered respectively, superior to all other liens and encumbrances whatsoever except for general taxes and local special assessments. The city clerk-treasurer is authorized and directed, prior to the expiration of six months from the first day of the first month for which such charges were unpaid to certify to the auditor of Klickitat County all of such charges as a lien upon such property in the manner provided for in Chapter 193 of the Session Laws of Washington of 1941, and such property shall be subject to forfeiture pursuant to the terms of said chapter.

The property owner, for any units as described in Chapter [13.04](#) and this chapter shall be responsible for any sewer service rendered by the city. ~~(Prior code §14.64.010)~~

13.08.750 Notice of delinquent account.

A. All utility bills of the city shall be delinquent if payment therefor is not received by the city on or before the twenty-fifth day of each even month after the current charges are posted on the bill. Such current charges' date shall be stated on the bill with particularity.

B. Upon lapse of a bill into delinquency, the billing clerk, or his designee, shall as soon as practicable cause a notice of delinquent account to be deposited in the United States mail, addressed to the owner of the property which is delinquent.

C. Deposit in the United States mail pursuant to subsection B of this section shall be deemed full and complete notice to the owner and consumer of the nature and amount of any particular utility billing.

D. The notice of delinquent account shall state that unless all delinquencies are corrected within ten days of the date of the notice of delinquent account, the city will disconnect or discontinue utility service without further notice or after a date certain to be stated in the notice of delinquent account. The notice of delinquent account shall further state that, if the customer has questions concerning the account or disputes the amount of the account, he may appeal to the clerk-treasurer, or his authorized designee, whose address and telephone number shall be stated on the notice of delinquent account.

E. Upon request the clerk-treasurer or designee shall be allowed to work out delinquent account payment arrangements or adjustments, including water/sewer charges, the delinquent penalty charge, pursuant to subsection F of this section, and turn on charges, pursuant to Section 13.04.070(A). One delinquency balance arrangement will be allowed in any one-year period. Customers will be allowed to carry a balance of twenty-five dollars or less without penalty.

F. An account which has become delinquent may be assessed a penalty of tenfive dollars.

~~G. Governmental entities, whose payment policy requires board or commission approval prior to payment of claims, shall not be subject to the delinquent penalty set forth in subsection F of this section. (Ord. 1451 §1, 2015; Ord. 1322 §§1, 2(part), 2004)~~

13.08.760 Disconnection of utility service.

A. Should a delinquent account not be paid pursuant to Section 13.08.750, the clerk-treasurer or his designee shall immediately cause the water service to be cut off from the premises, and such utility service shall not be reconnected to the premises until all arrears, delinquent charges, service charges and unpaid charges are paid.

B. Service charges for reconnection will be twenty-fivety dollars. ~~(Ord. 1322 §§1, 2(part), 2004)~~

13.08.770 Violation--Correction notice.

Any person found to be violating any provision of this title except Section 13.08.620 shall be served by the city with a written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations. ~~(Prior code §14.64.030)~~

13.08.780 Time limit violation deemed misdemeanor.

Any person who continues any violation beyond the time limit provided for in Section [13.08.750](#) shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined in an amount not to exceed two hundred dollars for each

violation. Each day in which any violation continues shall be deemed a separate offense. ~~(Prior code §14.64.040)~~

13.08.790 Violator liability.

Any person violating any of the provisions of this title shall become liable to the city for any expense, loss or damage occasioned the city by reasons of such violation. ~~(Prior code §14.64.050)~~

ARTICLE IV. CHARGES

13.04.010 Connection requirements.

A. All dwelling units or other buildings within the city limits which need or require potable water shall be required to connect to the public water system of the city where there is adequate public water by the city, subject to subsection B of this section. This requirement may be waived if the city administrator, with the consent of the city council, and health officer, determines that such ~~connection~~ connection is not feasible. All property owners thereof shall make proper connections with the public water system and use the same for proper purposes. In case the owners of such property ~~shall~~ fail to make such connections, the city may cause such connections to be made and assess the costs and expenses thereof against the property served thereby.

B. This requirement shall not apply to those dwelling units or other buildings currently connected to a water well; provided, that the water well is legally existing and meets department of health rules and regulations. The owner of the subject water well must install a reduced pressure backflow assembly or disconnect the water well system from the public water supply.

C. For connections outside the city limits, permission from the city council is required to obtain a connection permit. (~~Ord. 1391 §1 (part), 2009~~)

13.04.015 Domestic useuse of wells prohibited.

It is unlawful for any person, firm or corporation from and after May 1, 2006, to drill or construct any domestic water well within the city limits. "Domestic use wells" used in this section is as defined by RCW 90.44.050. (~~Ord. 1391 §1 (part), 2009~~)

13.04.020 Water service system development charge.

From and after January 1, ~~2010~~ 2024, all new, ~~disconnected~~ disconnected, or discontinued water service connections inside the city shall be charged as follows according to the corresponding water meter size:

Meter Size	Inside City	Outside City
3/4"	\$2,000.00	\$4,000.00
1"	3,000.00	6,000.00
1 1/2"	4,000.00	8,000.00
2"	6,000.00	12,000.00
3"	8,000.00	16,000.00
4"	12,000.00	24,000.00
6"	24,000.00	48,000.00

Meter Size	Inside City	Outside City
8"	36,000.00	72,000.00

(Ord. 1301 §1 (part), 2000)

Meter Size	Inside City	Outside City
3/4 "	\$3,000	\$6,000
1"	\$4,500	\$9,000
1 1/2 "	\$6,000	\$12,000

6"	\$36,000	\$72,000
8"	\$54,000	\$108,000

13.04.025 Special connection charge.

A. Imposed.

1. In addition to water line connection permit fees required by ordinance, there is imposed upon the owners of properties which have not been assessed or charged or borne an equitable share of the cost of the city's water system and they shall pay prior to connection to a city water line, a special connection charge in an amount to be computed under subsection B of this section.

2. The special connection charge shall be paid in cash or under installment contract with interest thereon at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year connection is made with the city water line, computed annually on unpaid balances. Such contract shall provide for a down payment of five percent of the total connection charge, payable upon execution of such contract and for payment of the balance in forty quarterly installments payable on each January 1st, April 1st, July 1st and October 1st. Such installment contract shall provide that any unpaid balance may be

paid in full in any year at the time the first quarterly payment of such year is due and payable, shall describe the property served by the water line, shall be acknowledged by the property owner and shall be recorded by the Goldendale city clerk, in the office of the Klickitat County auditor, at the expense of the property owner. Delinquent payments under such installment contract shall be a lien upon the described property as provided in RCW [35.67.200](#), enforceable in accordance with RCW [35.67.220](#) through [35.67.280](#); and as an additional and concurrent method of enforcing the lien, the water service to such property may be cut off in accordance with RCW [35.67.290](#) until the delinquent installments are paid. Upon full payment of the contract, the Goldendale city clerk, on behalf of the city, shall execute and deliver to the property owner a release of such lien.

B. Computation.

1. The special connection charge imposed in subsection A of this section, in order that property owners bear their equitable share of the cost of the water line system, shall be computed as follows:

a. For Lateral Water Lines. The number of units of property frontage to be served by the water line, determined in the manner prescribed in RCW [35.44.030](#) and [35.44.040](#) for determining "assessable units of frontage" or by such other method or combination of methods of computing assessments which may be deemed to more fairly reflect the special benefits to the property being assessed as authorized in RCW [35.44.047](#); provided, that for all water lines that are connected more than one year after the city water line was constructed, interest shall be added thereto at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city water line was or is completed and available for connection until the connection is made, but excluding both the year of completion of construction and the year connection is made; except that for connection to water lines constructed prior to 1953, interest shall be added thereto at the one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, for the year 1953. Interest charged pursuant to this subsection shall not exceed ten percent per year and shall not exceed ten years.

b. For Main Water Lines. The rate of assessment per square foot of property area to be served by the water line shall be determined on the basis that special benefits are conferred on the property in a manner prescribed in RCW [35.44.030](#) and RCW [35.44.040](#) or by such other method or combination of methods of computing assessments which may be deemed to more fairly reflect the special benefits to the property being assessed as authorized by RCW [35.44.047](#); provided, that for all water lines that are connected more than one year after the city water line was constructed, interest shall be added thereto at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city water line was or is completed and available for connection until the connection is made, but excluding both the year of completion of construction and the year connection is made, except that, for connection to water lines constructed prior to 1953, interest shall be added thereto at the one-year rate for U.S. Treasury notes and bonds, adjusted for constant maturities, for the year 1953. Interest charged pursuant to this subsection shall not exceed ten percent per year and shall not exceed ten years.

2. Such special connection charge for property abutting on a street in which a water line can be constructed or extended to serve such property shall be computed as if the water line were so constructed or extended; and the special connection charge for property located back from the margin of the street in which the water line exists and outside of the assessment district created therefor shall be made giving consideration to the distance of the property from the street margin. In no case shall credit be allowed for the cost of extra length of side water line required for connection to the city's water lineage system; provided, that in cases where application of the foregoing formula to a particular property results in a charge which because of unusual conditions is in excess of charges to similar properties, the city clerk is authorized to reduce the special connection charge to the amount charged to properties similarly situated.

3. For connection to side water lines constructed by the city, the property owner for whose benefit connection is made shall pay the cost of the side water line. The cost shall be computed as follows: the actual cost to the city of the side water line, plus fifteen percent for city design and administrative costs, plus interest at a rate commensurate with the annual one-year rate for U.S. Treasury notes and bonds adjusted for constant maturities, as published in the Federal Reserve Bulletin or otherwise available from the Federal Reserve Bank, for the year the city water line was or is completed and available for connection and applied until the connection is made, but excluding both the year of completion of construction and the year connection is made. (~~Ord. 1391 §1 (part), 2009~~)

13.04.030 Meter--Installation requirements.

Upon payment of the water service system development charge, the city will install the meter within onetwo months and begin the monthly "base meter charge" for said meter upon installation. Such meters shall be installed in accordance with the ordinances and standards of the city. Additionally, the installation will be subject to the following requirements:

A. The tap of the water main and the installation of the pipe and shut-off valve between the water main and the meter shall be accomplished by the duly authorized employees of the city only.

B. The water meters shall be installed within the limits of the street right-of-way line or easement and the installation shall include a shut-off valve between the meter and the city water main.

C. Water service from the water main, including water meter and meter spud, shall, upon installation, become the property of the city and shall be served and maintained by the city. (~~Ord. 1391 §1 (part), 2009~~)

13.04.035 Meter--Installation expense.

A. Installation of water not accomplished by January 1, 2010, may be installed thereafter by the city at the expense of the owner of the premises and such cost shall be payable to the city in advance thereof except as outlined in subsection B of this section. Said expense shall include a water service system development charge as described in Section 13.04.020.

B. For all meter installation the public works director shall complete a good faith estimate of costs for installation. The person requesting the water service shall pay the cost estimate along with the water service system development charge. If factual costs are less the city will reimburse the applicant; if costs are more the additional costs will be collected from the applicant.

C. Meter installation shall be charged to the purchaser at the rate of ~~cost plus fifteen percent up to a maximum of fifty dollars.~~ (Ord. 1391 §1 (part), 2009)

13.04.040 Monthly base meter charge.

All water service connections shall pay a monthly base meter charge according to meter size as described in Section 13.04.050, regardless if the meter is turned on, off, or if any water has been used. When there is a combination of private fire service and general water use through a single line, for billing purposes only, the meter size calculated to be required for the general water use portion shall be used. Monthly base meter charge can be omitted for irrigation meters only if property owners request meters to be turned off during months with no use. Property owners will be charged standard turn off and on fees. ~~(Ord. 1430 §1, 2013; Ord. 1398 §1, 2010; Ord. 1391 §1 (part), 2009)~~

13.04.045 Account names.

All accounts for water shall be kept in the name of the owner of the property and not in the name of the tenant; and the owner only, or his legally authorized agent, shall be held responsible for water ~~charges.~~ (Ord. 1391 §1 (part), 2009)

C. During the period of November 15th through March 15th, customers will be billed the monthly base meter charge as set forth above and water use based on historical usage. The March billing will correct any disparity between historical and actual usage for the months described above.

D. Demand Charges.

1. Bulk water will be charged ~~for~~ at the rate of 0.04 centst~~twenty-dollars~~ per gallon~~one hundred-cubic-foot~~ undelivered. Beginning January 1, 2013, said rate shall increase to twenty-two dollars per one hundred cubic-foot undelivered;
2. Where unusual circumstances prevent a meter reading, water consumption will be estimated.

E. Leakage-Rate Reduction.

1. ~~To be eligible for leakage-rate reduction, in the event that there is a leaks located in the water service line, on the property owner's side of the water meter must be repaired within seven days from discovery or notification. Water service will be discontinued upon failure to repair the leak within seven days or in a time period agreeable to by the city public works director or his/her designee;~~
2. ~~That a~~After the service line is repaired by the owner and upon written request by the property owner, the city clerk-treasurer will make an adjustment in the water ~~bill~~bill.
3. The adjustment shall be two-thirds of that portion of the customer's water bill which is over the historical water usage. The adjustment shall be limited to the period of ninety days prior to the repair of the leak and inspection ~~thereof~~thereof.
4. Only one leakage adjustment will be allowed in any two-year period. Additional leaks will require on-site inspection and verification or ~~repairs~~repairs.
5. Any decision made by the city clerk-treasurer regarding leakage-rate reductions may be appealed to the city council. Such appeals shall be made within ten days of the date that the person making the appeal was notified of the decision from which the appeal is requested. (~~Ord. 1479 §1(Exh. A)(part), 2017; Ord. 1391 §1 (part), 2009~~)

13.04.055 Multiple user service charge--Applicability.

For the purpose of Sections 13.04.060 and 13.04.065, multiple user service charge shall apply to master meters that serve more than one unit. (~~Ord. 1391 §1 (part), 2009~~)

13.04.060 Multiple user service charge--Inside city limits.

Water customers with multiple dwellings, multiple businesses, multiple motel units, cabins, mobile home parks, or RV parks may be served by a master meter, if authorized by the city, and shall be charged the monthly base meter charge and shall, in addition, pay a minimum monthly charge for each of such additional dwellings, businesses, and motel units served through the meter as follows:

For each additional dwelling and mobile home in a mobile home park.

13.04.070 Turn off/on charge.

A. Whenever water service has been discontinued by the water department for delinquency or a violation, the service will not be renewed until all charges have been paid. A fee of ~~fifty~~twenty-five dollars will be charged to turn on the water service.

B. When it is desired to have the water turned off/on, an application form supplied by the city shall be filled out stating the date of the turnoff and the anticipated date to have the water turned on. The customer shall be charged ~~at the fee of fifty~~at the fee of twenty-five dollars for the completed turn off/on during the normal work hours of eight a.m. to four p.m., Monday through Friday ~~except holidays. Afterhours turn on/off requests shall pay a fee of one-hundred dollars, and for the city's actual cost for all other hours.~~ All unpaid water service including any penalties shall be paid at the time of application for turn off/on. If city is ~~turning off/on~~restoring water service ~~as a result of~~because of an emergency shut

~~off the turn off/on charge will be waived. In the event City staff determines a reasonable person would not consider the request for an emergency turn off/on necessary afterhours fees shall apply.~~

C. Having the water service turned off shall not eliminate the monthly base meter charge. ~~(Ord. 1391 §1 (part), 2009)~~

13.04.080 Notice of delinquent account.

~~See Section 13.08.750. (Ord. 1391 §1 (part), 2009)~~

~~A. All utility bills of the city shall be delinquent if payment therefore is not received by the city on or before the twenty-fifth day of each even month after the current charges are posted on the bill. Such current charges' date shall be stated on the bill with particularity.~~

~~B. Upon lapse of a bill into delinquency, the billing clerk, or his designee, shall as soon as practicable cause a notice of delinquent account to be deposited in the United States mail, addressed to the owner of the property which is delinquent.~~

~~C. Deposit in the United States mail pursuant to subsection B of this section shall be deemed full and complete notice to the owner and consumer of the nature and amount of any particular utility billing.~~

~~D. The notice of delinquent account shall state that unless all delinquencies are corrected within ten days of the date of the notice of delinquent account, the city will disconnect or discontinue utility service without further notice or after a date certain to be stated in the notice of delinquent account. The notice of delinquent account shall further state that, if the customer has questions concerning the account or disputes the amount of the account, he may appeal to the clerk-treasurer, or his authorized designee, whose address and telephone number shall be stated on the notice of delinquent account.~~

~~E. Upon request the clerk-treasurer or designee shall be allowed to work out delinquent account payment arrangements or adjustments, including water/sewer charges, the delinquent penalty charge, pursuant to subsection F of this section, and turn on charges, pursuant to Section 13.04.070(A). One delinquency balance arrangement will be allowed in any one-year period. Customers will be allowed to carry a balance of twenty-five dollars or less without penalty.~~

~~F. An account which has become delinquent may be assessed with a penalty of ten dollars.~~

13.04.090 Disconnection of utility service.

Should a delinquent account not be paid pursuant to Section 13.08.750, the clerk-treasurer or his designee shall immediately cause the water service to be cut off from the premises, and such utility service shall not be reconnected to the premises until all arrears, delinquent charges, service charges, turn-on charges, and unpaid charges are paid.

Once a water service has been disconnected, the monthly meter charge will continue to be charged to the landowner. ~~(Ord. 1479 §1 (Exh. A) (part), 2017; Ord. 1391 §1 (part), 2009)~~

13.04.100 Delinquent charge--Lien.

The city shall have a lien upon the real estate to which water is furnished for delinquent charges and the lien shall be the lien as provided by the laws of the state of Washington in Remington's Revised Statutes, Sections 9471 and 9472 and all acts now or in the future amendatory thereto. (~~Ord. 1391 §1 (part), 2009~~)

13.04.110 Tap--Pipe connections.

All new tap connections and pipe connections shall be made under city supervision or by the city and each new residence or business building shall be required to have a sole and separate main tap. (~~Ord. 1391 §1 (part), 2009~~)

13.04.120 Shut-off--Turn-on order.

It shall be the duty of the city clerk-treasurer and within his official power to order water shut off or turned on and he shall direct the orders to the public works director whose duty it shall be to comply with the orders. (~~Ord. 1391 §1 (part), 2009~~)

13.04.130 Water user information.

It shall be the duty of each water user to give such information as needed in order to determine his water rental set forth in Section 13.04.010 and failure to give such information shall be grounds for discontinuing the person's water service. (~~Ord. 1391 §1 (part), 2009~~)

13.04.140 Rate--Regulation applicability.

The city council intends to make the water rates and regulations herein set forth to apply equally and equitably to all persons but if such a situation shall arise that is not specifically covered by the rates or an inequity is discovered in any particular case the council shall have the right and power to apply as it may see fit, its judgment, as to the rate that the person shall be charged and which shall not be inconsistent with the provisions and intent of the ordinance codified in this chapter. (~~Ord. 1391 §1 (part), 2009~~)

13.04.150 Rate change.

The city council may at any time change the water rates and charges as set forth in this chapter. The changes shall ~~only~~ be made by resolution, ordinance or amendment of the ordinance codified in this chapter in the manner provided by law, or the changes may be made by the city council by two publications thereof in the official newspaper of the city, with the last publication being at least thirty days before the rate shall become effective. (~~Ord. 1391 §1 (part), 2009~~)

13.04.160 Irrigation--Permit required.

It is unlawful for any person to irrigate without a city permit by any underground system of pipes so that irrigation is carried on in such a manner that the same cannot be detected without close examination or at all and being for all practical purposes a system of subirrigation. (~~Ord. 1391 §1 (part), 2009~~)

13.04.161 Irrigation--City parks rate charge.

Water rates shall be ninety-five cents per one hundred cubic feet for usage for all city parks water meters. (~~Ord. 1449, 2015~~)

13.04.170 Pipeline tapping--Permit.

It is unlawful for any person to tap any city pipeline without first obtaining a permit from the city. (~~Ord. 1391 §1 (part), 2009~~)

13.04.180 Charges--Violation--Penalty.

Any person violating the provisions of this chapter shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than ~~twentyone~~ dollar nor more than ~~five~~ two hundred dollars in the discretion of the court, and shall in addition thereto pay the costs of prosecution. The person shall also be subject to a discontinuation of all water service until the fine is paid. (~~Ord. 1391 §1 (part), 2009~~)

ARTICLE II. BACKFLOW PREVENTION--CROSS-CONNECTIONS

13.04.190 Definition of cross-connection.

The installation or maintenance of any cross-connection with the public water supply of the city is prohibited, except as authorized in this chapter. Any such cross-connection now existing or hereafter installed is declared subject to immediate termination of water service and any such cross-connection shall be abated immediately. A "cross-connection" is defined as: any physical arrangement where a public water system is connected, directly or indirectly, with any other non-~~potable~~ ~~drinkable~~ water system or auxiliary system, sewer, drain conduit, swimming pool, storage reservoir, plumbing fixture, swamp coolers, or any other device which contains, or may contain, contaminated water, sewage, or other liquid of unknown or unsafe quality which may be capable of imparting contamination to the public water system as a result of backflow. Bypass arrangements, jumper connections, removable sections, swivel or changeover devices, or other temporary devices through which, or because of which, backflow may occur ~~are considered to be~~ are cross-connections. (~~Ord. 1391 §1 (part), 2009~~)

13.04.200 Control or elimination of cross-connections.

The control or elimination of cross-connections shall be in accordance with the provisions of the Washington Administrative Code (WAC 246-290-490). The policies, ~~procedures~~ procedures, and criteria for determining appropriate levels of protection shall be in accordance with the Accepted Procedures and Practice in Cross-Connection Control Manual, as published by the Pacific Northwest Section, American Waterworks Association, most current edition. (~~Ord. 1391 §1 (part), 2009~~)

13.04.210 Compliance failure.

The city shall deny or discontinue water service to any customer failing to cooperate in the installation, maintenance, testing, or inspection of backflow prevention assemblies required and as stated in WAC 246-290-190. The public works director is recognized as the water system manager for the city and as such shall have the authority for all enforcement pertaining to this chapter. (~~Ord. 1391 §1 (part), 2009~~)

13.04.220 Installation of backflow devices.

As a condition of new or continued water service, approved backflow prevention assemblies shall be installed and maintained by all customers who:

- A. Are industrial or commercial customers not entitled to ~~aan~~ exemption under Section [13.04.230](#);
- B. Operate commercial or residential fire sprinkler systems;
- C. Operate irrigation systems connected to their plumbing and the city distribution system;
- D. Maintain cross-connections to their water service with air conditioning systems, medical apparatuses, or other devices or processes where chemicals or other objectionable substances may be siphoned into the water system;
- E. Have plumbing arrangements which are questionable;
- F. Or which in the judgment of the public works supervisor compromise the public's health or safety. (~~Ord. 1391 §1 (part), 2009~~)

13.04.225 Definition of approved backflow prevention assembly.

An "approved backflow prevention assembly" means a backflow prevention assembly model approved by the state of Washington, Department of Health and the city. Unless an exemption is granted, the minimum requirement for a backflow prevention assembly, within the city, shall consist of a double check valve assembly. (~~Ord. 1391 §1 (part), 2009~~)

13.04.230 Exemptions.

Where an industrial or commercial customer can demonstrate to the satisfaction of the public works director, or his representative, that there are no cross-connections with the water supply on their premises and that no health hazard is posed by reason of presence of toxic materials on the environment, the public works supervisor or his representative may grant the customer an exemption from the cross-connection requirements in this chapter. Decisions made under this section shall be made at the sole discretion of the public works supervisor, or his representative, to carry out the cross-connection control programs of the city. Exemptions are subject to periodic review and may be revoked whenever a cross-connection is made or a risk to public health or water quality is present. (~~Ord. 1391 §1 (part), 2009~~)

13.04.240 Inspection, approval and disapproval of backflow prevention assemblies.

The public works director and designated employees or representatives are delegated the authority to inspect, approve and disapprove backflow prevention assemblies, to require corrections, modifications, ~~repairs~~~~repairs~~, or maintenance on backflow prevention assemblies and to inspect all premises of customers where backflow prevention assemblies may be required. A minimum standard for the maintenance and installation of backflow prevention assemblies shall be those set forth in the Accepted Procedures and Practice in Cross-Connection Control Manual, current edition, as published by the Pacific Northwest Section of the American Waterworks Association. The public works supervisor is authorized to establish higher standards for installation and maintenance of backflow prevention assemblies where good engineering practice, industry standards or the protection of public health requires such higher standards. (~~Ord. 1391 §1 (part), 2009~~)

13.04.250 Right to inspect backflow devices.

As a condition of a continued water service, customers shall make their premises, including buildings and structures, to which water is supplied, accessible to the city personnel periodically to determine whether backflow prevention assemblies are required or are properly installed and maintained. All backflow devices installed within the territory served by city water shall be tested immediately upon installation and at least annually thereafter by a state-certified tester. All such devices found not functioning properly shall be promptly repaired or replaced by the water user. If any such device is not promptly repaired or replaced, the city may deny or discontinue water service to the premises. All testing and repairs are the financial responsibility of the water user. (~~Ord. 1391 §1 (part), 2009~~)

13.04.260 Permit for installation of irrigation systems and backflow devices.

Prior to the installation of irrigation systems and backflow prevention assemblies, the customer shall obtain a permit from the city for such installation. (~~Ord. 1391 §1 (part), 2009~~)

13.04.270 Application required even though building codes do not require.

The requirements in this chapter for backflow prevention assembly installation shall apply even though building codes may not require backflow prevention assemblies. (~~Ord. 1391 §1 (part), 2009~~)

13.04.280 Prohibition of interconnection of private water supplies with the city's distribution system.

The city prohibits interconnection of private water supplies with the city's distribution system. Auxiliary water supplies (private wells, piped irrigation sources, etc.) are a major cross-connection control hazard and therefore must be effectively isolated from the domestic water supply.

The city cross-connection control policies and requirements for customers with private wells are as follows:

- A. No backflow protection is required if the source is verified to be permanently inactive and abandoned in accordance with the requirements of the department of health, and permanently mechanically separated from the customer's water system.
- B. If the well remains active, an approved reduced pressure backflow assembly is required at the service connection to provide a measure of protection.

New services will be locked off until compliance is verified by the city. Visual inspection of piping is required for premises retaining active well systems. (~~Ord. 1391 §1 (part), 2009~~)

13.04.290 Cost of compliance.

All costs associated with purchase, installation, inspection, testing, replacement, maintenance, parts and repairs of the backflow device are the financial responsibility of the property owner. (~~Ord. 1391 §1 (part), 2009~~)

13.04.300 Termination of service.

Failure on the part of any customer to discontinue the use of all cross-connections and to physically separate cross-connections is sufficient cause for the immediate discontinuance of public water service to the premises (WAC [246-290-490](#)). (~~Ord. 1391 §1 (part), 2009~~)

13.04.305 Permits.

Before installing any backflow device or irrigation system, fire suppression system or auxiliary connection to the city water system the property owner or their designee must obtain a public works permit. All devices must be installed by a licensed bonded contractor or plumber. The permit for installation of a backflow device shall be issued by the public works director or his designee. (~~Ord. 1391 §1 (part), 2009~~)

13.04.310 Testing.

The property owner shall have his device tested by a Washington state certified backflow assembly tester and present to the city a certificate showing annual inspection, test results, repairs and approval. Failure to present these results to the city may result in immediate termination of water service. (~~Ord. 1391 §1 (part), 2009~~)

ARTICLE III. WATER USE

13.04.320 Regulations--Irrigation districts.

The city council or other official designated by them may make and enforce regulations relating to irrigation and sprinkling in the city and at any time the council or authorized official may divide the city into irrigation districts and allot certain hours and days to each of the districts for irrigation and sprinkling and the regulations may be changed from time to time as deemed necessary. (~~Ord. 1391 §1 (part), 2009~~)

13.04.370 Regulation publication.

Notice of the irrigation and sprinkling regulations shall be made in one publication in the official newspaper of the city and the rules and regulations shall be in full force and effect on the next day after the date of the publication and remain in effect until notice of change or cancellation thereof is made in a like manner. (~~Ord. 1391 §1 (part), 2009~~)

13.04.380 Trough---Receptacle.

From and after the effective date of the ordinance codified in this chapter, any persons using water from the water system of the city shall provide suitable troughs or receptacles for the containing of such water so the water taken from the water system shall not be spilled on the ground or wasted and shall install and maintain proper float valves in such troughs or receptacles so the water will shut off automatically before such trough or receptacles shall become completely filled with water, and such troughs and receptacles shall be maintained so they will not leak. (~~Ord. 1391 §1 (part), 2009~~)

13.04.390 Violation--Penalty.

A. In case of violation of the provisions of Section [13.04.010](#), the city, through its proper officer or officers, may shut off the water from such user and the same shall not be turned on again until the person owning or operating any trough or receptacles so violating Section [13.04.380](#) shall have paid

to the city, for the use of the water fund of the city, the sum of twenty-five dollars for the first offense and an additional twenty-five dollars for each subsequent violation of Section [13.04.010](#).

B. It is unlawful for any person to violate any of the regulations of Sections [13.04.320](#) and [13.04.370](#) and any person violating any of the provisions of Sections [13.04.320](#) and [13.04.370](#) is guilty of a misdemeanor and upon conviction thereof shall be fined not less than ten dollars and not more than two hundred dollars, in the discretion of the court, none of which may be suspended, and shall in addition thereto pay all costs of prosecution. ~~(Ord. 1391 §1 (part), 2000)~~
